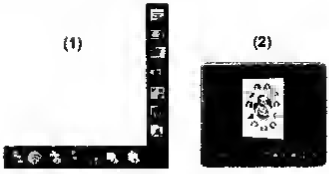
# Test Print

Th s machine is now ready for printing

Quick Menu for smooth access to Canon s web service and to various functions for photo printing and video printing



(1) Shortcut Menu
(2) Image Display

After this, Quick Menu opens automatically

When you click the (CREATIVE PARK PREMIUM) icon on the shortcut menu, My Image Garden opens. You can then download artworks of famous artists and print them for various uses.

*CREATIVE PARK PREMIUM is a premium content service available exclusively to customers who use genuine Canon ink for all colors. To use this service, you must have My Image Garden installed on your computer.

When My Image Garden is installed, Image Display also opens.

Image Display displays a slide show of artwork images that were created automatically by the recommended artwork functions of My Image Garden, as well as other images saved on your computer.

"Delicious! Hearty sausage and ham quiches for a delicious lunch. The combination of sausage, ham, and cheese is very tasty and the crust is very flaky."

## INGREDIENTS:

- 1 (14 ounce) package Roll-Up Pizza Dough, Pillsbury Thin Crust, unrolled
- 1 cup Jimmy Dean Hearty Sausage Crumbles, cooked (see Tip below)
- 3 eggs, lightly beaten
- 1/4 cup milk or water
- 2 tablespoons all-purpose flour
- 1/4 cup shredded Cheddar cheese, divided
- 1/4 cup shredded mozzarella cheese, divided
- 1 teaspoon salt
- 1/4 teaspoon black pepper
- 1 medium onion, chopped
- 1 cup baby spinach leaves, packed
- 1/2 cup diced fresh red pepper (optional)
- 1 tablespoon chopped fresh chives or parsley
- 1/2 cup diced cooked ham (optional)
- 1/4 cup cherry tomatoes, halved (optional)
- 1 tablespoon grated Parmesan cheese (optional)

## DIRECTIONS:

1. Preheat oven to 375°F. Unroll pizza dough and cut in half lengthwise. Roll or pat each piece into a 14-inch rectangle. Fit dough into a 9-inch pie plate, pressing dough onto bottom and up sides of plate. Trim dough to 1/2 inch beyond edge of plate; fold under and flute edge. Prick bottom and sides of crust with fork. Bake for 5 minutes. Remove from oven and set aside.
2. Place Cheddar cheese, mozzarella cheese, and Jimmy Dean Hearty Sausage Crumbles in pie crust. Top with spinach, red pepper, onion, ham, and tomatoes. In a medium bowl, whisk together eggs, milk, flour, salt, and pepper. Pour egg mixture over vegetables and sprinkle with Parmesan cheese.

EPSON
EXCEED YOUR VISION

# Congratulations, you have successfully installed your new Epson printer!

Here are some tips for getting great prints:

- Genuine Epson inks have been engineered to deliver stable, long lasting photographic quality when used with Epson papers
- To protect your photos, frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with Epson printers and genuine Epson ink
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information

## Drivers & Support

Downloads, FAQs
Help and more

Get quick answers to your questions by going to **epson.com/support** and choosing your product. There you'll find FAQs, documentation, interactive troubleshooting guides, and an easy way to e-mail Epson.

# Vonage Test Fax

**Fill in the values below and click "Print Test Fax Page"**

| To: | From |
|---|---|
| Fax: | Fax: |
| Phone: | Phone: |
| Subject: Test Fax | Date: |

## Fax Settings

Reference your Owner's Manual for help adjusting the settings below

| | |
|---|---|
| ECM (error correction mode) | Off |
| Baud Rate | 9600 |
| International | On (this is set on a per-call basis) |
| Resolution | Standard |
| Answer Mode | Fax Only |
| Rings to Answer | Zero (0) |
| Call Waiting | Off |
| Bandwidth Saver | High (90 kbps) |
| Distinctive Ring | Off |

## Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 90 seconds
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC

## Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help

**U.S. Census Bureau**
Washington, DC 20233-0001
OFFICE OF THE DIRECTOR

Bloomberg PP
Expedited

A message from the Director U.S. Census Bureau...

About two weeks ago, the U.S. Census Bureau sent instructions for completing the American Community Survey to your address. We asked you to help us with this very important survey by completing it online. But we have not received your response yet.

If you have already completed the survey, thank you very much. If you have not, please complete the survey soon using ONE of the following two options.

**Option 1:** Go to **https://respond.census.gov/acs** to complete the survey online.
**Option 2:** Fill out and mail back the enclosed questionnaire.

This survey is so important that a Census Bureau representative may attempt to contact you by telephone or personal visit if we do not receive your response.

The information collected in this survey will help decide where new schools, hospitals, and fire stations are needed. The information also is used to develop programs to reduce traffic congestion, provide job training, and plan for the health care needs of the elderly.

The Census Bureau chose your address, not you personally, as part of a randomly selected sample. You are required by U.S. law to respond to this survey. The Census Bureau is required by U.S. law to keep your answers confidential. The enclosed brochure answers frequently asked questions about the survey.

If you need help completing the survey, please use the enclosed guide or call our toll-free number (1-800-354-7271).

Thank you.

Sincerely,

John H. Thompson
Director

10 to 12 medium potatoes, peeled and diced
1/2 to 3/4 stick butter
1 c. cream of mushroom soup
1 c. celery soup
1 large finely chopped onion
1 1/2 c. milk (can add more to make thinner)
1 tsp. garlic salt
1 (8 oz.) cream cheese
salt and pepper to taste

In large saucepan cook potatoes and onion in enough water to cover on medium heat until tender. Add cubes of cream cheese. Remove from heat and stir until cheese is melted. Add soups, butter and spices. Serve hot. Top with shredded cheese, bacon bits or green onion.

GEICO
geico.com

**NOTICE:**
**GET YOUR GEICO QUOTE — IT COULD MEAN MORE SAVINGS FOR YOU!**

Dear Motorist,

How much did you overspend on car insurance in the last month alone? Perhaps $50 or even $100 — enough to fill your entire tank of gas. Now multiply that by eight or nine months. At GEICO, we believe it's time to put money back in your pocket, especially in these tough economic times.

Get your free, no-obligation rate quote at geico.com. New GEICO customers report average annual savings over $500 — and you could, too! In no time, you can see how much you could save.

Have you gotten married? Moved? Bought a new car? Could you take advantage of all the special discounts GEICO offers? Find out exactly how much you could save when you get your quote at geico.com. And remember, your current policy doesn't have to be up for renewal to switch. Every day you wait could mean money down the drain.

Have a question about the discounts you could qualify for? Please visit geico.com or call 1-800-947-AUTO (2886) anytime to find out how much you could save on your insurance. Or check out geico.com/local to find a local GEICO agent. Whichever you do, click or visit, you'll be connected to an insurance professional dedicated to providing you with the savings you deserve.

Ask about our discounts. We offer so many states:

- A multi-car discount of up to 25%
- A discount for students with a "B" average or better
- Discounts for membership in one of over 700 professional and alumni organizations that have teamed up with GEICO

Visit geico.com for your FREE rate quote today. If you like what you see, you can buy online or over the phone 24/7 — however you like to do business. And we'll help you structure payments that work within your budget.

(over, please)

**To:** Wigder, Sharon
**Subject:** RE: telephony training

Sure, as long as we do the training before Day 1, which will be Friday morning.

Please tell me when you able to test the fax through the new circuit. What you need to do:

- Connect the fax machine in the new analog port (cable) that was installed by the network engineer near the fax machine
  Send a fax to: 91-603-900-1300 and see the result here: http://faxny.net/
- I will send fax from Romania, to make sure that incoming faxes work also

The setup is not ready yet, once you tell me when we can test, I'll reconfigure. Fax 15 may be)

Thanks
Sebastian

**Subject:** RE: telephony training

Just got in and had a conversation with my boss Thomas this morning on the way in. He really does want to go thru the training with you, but the morning won't work for him due to the reasons mentioned in my earlier email. Is this something we can do together on Thursday morning maybe? I think it will be beneficial for everyone to train together as it will bring up questions that we probably all have.

Thoughts?

# Your Journey to Health Acid/Alkaline Balance

To maximize your health and balance your pH level, a diet rich in alkalizing foods is vitally important. The ideal ratio is to consume 75% alkaline forming foods and 25% acid-forming foods daily. Colourful fruits and vegetables (including greens+) are among the best alkaline-forming foods. When consuming acid forming foods such as poultry, try pairing with broccoli for improved metabolization. Keep this chart posted on your fridge for easy access!

| Most Alkaline | Medium Alkaline | Low Alkaline | Foods | Low Acid | Medium Acid | Most Acid |
|---|---|---|---|---|---|---|
| broccoli<br>cucumber<br>cilantro<br>evening greens<br>garlic greens<br>leeks<br>spinach<br>parsley<br>sea vegetables<br>watercress | bell pepper<br>cauliflower<br>parsnip<br>fennel<br>ginger root<br>sweet potato<br>cabbage<br>celery<br>carrots<br>napa cabbage | Beetroot sprouts<br>lentils, peas & beans<br>kombucha & tomato juice<br>fresh pears<br>dark lettuce<br>all mushrooms<br>potatoes white<br>pumpkin<br>squash<br>tempeh | **Vegetables**<br>**Beans Legumes**<br>only use non-GMO foods | corn<br>lentils<br>peanuts white<br>organic peanut butter<br>soy products<br>soy milk powder<br>beans: kidney, lima, navy, pinto, white, black, split green, split & chunk<br>tofu (extra firm)<br>edamame | salted & unsweetened peanut butter | processed soybean oil<br>salted & sweetened peanut butter |

Pita Bread Photo by Elinor Fergal

Pita bread is served at just about every meal in the Middle East. It can be used for dipping, or to make delicious sandwiches in the pocket. In the tandoor oven, used to cook in brick ovens, where very high heat can be achieved. It is very hard to duplicate in a home kitchen, but this recipe combined with high heat, comes very close.

What's Your Favorite Way to Eat Pita Bread?

**Ingredients:**

- 1 package of yeast or quick rising yeast
- 1/2 cup warm water
- 3 cups all purpose flour
- 1 1/4 teaspoon salt
- 1 teaspoon granulated sugar
- 1 cup lukewarm water

**Preparation:**

Dissolve yeast in 1/2 cup of warm water. Add sugar and stir until dissolved. Let sit for 10-15 minutes until yeast is frothy.

Combine flour and salt in large bowl.

Make a small depression in the middle of flour and pour yeast water in depression.

Slowly add 1 cup of warm water, and stir with wooden spoon or rubber spatula until elastic.

Place dough on floured surface and knead for 10-15 minutes. When the dough is no longer sticky and is smooth and elastic, it has been successfully kneaded.

Coat large bowl with vegetable oil and place dough in bowl. Turn dough upside down so all of the dough is coated.

Allow to rise in a warm place for about 3 hours, or until it has doubled in size.

Once doubled, roll out to a rope, and pinch off 10-12 small pieces. Place balls on floured surface. Let sit covered for 15 minutes. Preheat oven to 500 deg F and make sure rack is at the very bottom of oven. Be sure to use preheat your baking sheet.

Roll out each ball of dough with a rolling pin into circle. Each should be about 5-6 inches across and 1/4 inch thick.

Bake each circle for 4 minutes until the bread puffs up. Turn over and bake for 2 minutes.

Wooden each pita with a spatula from the baking sheet and bake additional pita for serving.

Take pockets and gently push down puff. Delightfully place lavender bags.

Contribution Types

# Before-tax or Roth, which do I choose?

Savings Plus offers you flexibility in how you save for retirement. You can choose to make before-tax Roth or both types of contributions in either the 401(k) Plan, the 457 Plan, or both. The main difference between the two contribution types is that taxes are withheld from your Roth contributions before they are invested in your account and before tax contributions and any potential earnings are taxed when they are withdrawn. The biggest benefit with Roth is that your contributions and earnings are then tax-free when distributed, as long as you meet the distribution requirements. These options don't change how much you can contribute but do give you more control over when your contributions and any potential earnings will be subject to income tax.

## Before-tax vs. Roth at a glance

| | Before-Tax Contributions | Roth Contributions |
|---|---|---|
| **Taxability** | Reduces your taxable income in the year you contribute. | Taxed in the year you contribute before contributions are deducted from payroll |
| **Contribution limits** | Before-tax and Roth combined are subject to the annual contribution limit for the current tax year | Before-tax and Roth combined are subject to the annual contribution limit for the current tax year |
| **Money coming out** | Taxable as current income when distributed | Tax-free distributions as long as you've kept your money in Savings Plus for at least five years from your first Roth contribution and withdraw after age 59½. You must also be separated from State service for tax-free 457 Roth distributions |

## How do you decide if Roth contributions are right for you?

If you believe you'll be in a higher tax bracket when you retire, Roth contributions may make sense, since tax-free distributions could provide a significant tax break at retirement. However, if you believe you'll be in a lower tax bracket when you retire, it may make more sense to contribute on a before-tax basis, which could provide a tax break today.

You might choose Roth if you:

- Expect to be in a higher tax bracket in retirement
- Are in a low tax bracket today
- Prefer tax-free withdrawals in retirement

This notice will acknowledge our acceptance of your Premium Finance Agreement (the "Agreement") which you executed with the above referenced Agent or Broker. The name of the party providing your insurance coverage will be notified that you have entered into this Agreement. We will issue payment on your behalf as directed by your Agent or Broker.

We are pleased to receive and process the Agreement which was recently negotiated through your Agent or Broker referenced above. This Notice of Acceptance is our official acknowledgment of the receipt of your Agreement. Please carefully review the Loan Summary above. If any of the information does not agree with your records, please notify us immediately. If this is your first transaction with us, the following information may be helpful:

**LOAN NUMBER.** Your loan number is indicated above. Please use it if you contact us about your loan.

**PAYMENTS.** You will receive a billing statement approximately 12-15 days before each payment is due. If your first payment is due soon, your first billing statement will arrive in the next few days. It is important that your payments be received on or before the scheduled due date to ensure uninterrupted coverage. Pay By Web and Pay By Phone information is included with each billing statement.

**INQUIRIES.** You can log on to our website, www.bankdirectcapital.com, to access your loan in the "make a payment" section. If you have questions or need help, you may email us - ContactUs@bankdirectcapital.com - or call our toll free number listed below. Our Customer Service Department is ready and eager to assist you with any questions about your loan or other premium finance needs.

**THANK YOU** for funding your insurance premiums through BankDirect Capital Finance.

Dec 15 2012 12:02PM

| | |
|---|---|
| Fax Hardware Test | PASS |
| Fax Connected to Active Telephone Wall Jack | PASS |
| Phone Cord Connected to Correct Port on Fax | PASS |
| Using Correct Type of Phone Cord with Fax | PASS |
| Dial Tone Detection | FAIL |
| Fax Line Condition Test | PASS |

**A dial tone was not detected**

Please check the items below then rerun this test

Other equipment sharing the fax line can reduce the signal strength

Disconnect any equipment which is sharing the fax line (including extension phones, answering machines, and dial up PC modems)
If you are using a splitter or some other device between the fax and the wall jack remove it and connect the fax directly to the wall jack

If your HP device is connected to a Private Branch Exchange (PBX) rather than the public telephone system the Dial Tone Detection test may fail

However you should be able to successfully send and receive faxes.

Refer to your User Guide for more information on the fax test and settings

Instructions on how to rerun this test.
Step 1 Press the "Setup" button
Step 2 Choose the "Tools" menu
Step 3 Choose the "Run Fax Test" item

# Quick Guide

This guide includes basic information about your product and troubleshooting tips. See the resources below for additional information.

## User's Guide

See the online *User's Guide* for detailed information on using your printer, including these features:

- Connect wirelessly from your smartphone, tablet, or computer. Print documents and photos from across the room or around the world with Epson Connect™ and Google Cloud Print™
- Easily set up networking—Wi-Fi, Wi-Fi Direct, or Ethernet (WF-2660 only).
- Copy, scan, and fax directly from the control panel
- Save paper and power with ECO mode

## Support

Visit **epson.com/support** (U.S.) or **epson.ca/support** (Canada) where you can download drivers, view manuals, see FAQs, or e-mail Epson support.

## Wireless Videos

View easy-to-follow videos on connecting the printer to your network. Visit **epson.com/support/wireless** (U.S.) or **epson.ca/support/wireless** (Canada) to view the videos.

# Cincinnati Chili

An old fellow who owned a little Chili Parlor on Vine street in Cincinnati was about to retire and he shared his recipe me I remember he told me that to be authentic Cincinnati Chili it must contain Cinnamon Allspice Cloves and bitte Chocolate This is not his recipe but it is close

- 3 cups cold water
- 2 pounds lean ground beef
- 2 large onions finely chopped
- 2 teaspoons garlic granules or powder
- 1 ounce unsweetened baking chocolate
- 4 tablespoons chili powder
- 1/2 tablespoon ground allspice
- 1/2 teaspoon ground cinnamon
- 1 teaspoon ground cumin
- 1/4 teaspoon ground cloves
- 1 1/2 teaspoons salt
- 2 bay leaves
- 1 (6 ounce) can of tomato paste
- 1 tablespoon red wine vinegar

## METHOD

In a large 4-quart Dutch oven or stewpot place water and ground beef Stir vigorously to break up the meat. It will be add any more water!

Add onion garlic chocolate chili allspice cinnamon, cumin, cloves, salt bay leaves, tomato paste and vinegar Plac boil When boiling reduce to a hard simmer

Cover and cook for 1 hour and 40 minutes stirring every 15 minutes or so. Remove cover and cook 20 minutes more (2

Serves 6 to 8 people

## Fax Settings

Reference your Owner's Manual for help adjusting the settings below

| | |
|---|---|
| ECM (error correction mode) | Off |
| Baud Rate | 9600 |
| International | On (this is set on a per-call basis) |
| Resolution | Standard |
| Answer Mode | Fax Only |
| Rings to Answer | Zero (0) |
| Call Waiting | Off |
| Bandwidth Saver | High (96 kbps) |
| Distinctive Ring | Off |

## Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device temporarily disconnect device from PC

## Further Assistance

If you need further assistance using your Vonage Fax Service we are always available to help.

Call us at 1.VONAGE-HELP (1-866-243-4357) or visit **www.vonage.com**

system, increase attention span and concentration and combat aging. Human clinical studies have demonstrated significant cognitive improvements in elderly patients with mild cognitive impairment. In addition, gotu kola has exhibited anxiolytic (anti-anxiety) activity in humans as well as positive effects on the treatment of depression and stress-related disorders.[xxv]

***Bacopa monniera*** has been used in Ayurvedic medicine for centuries for improving memory, enhancing learning and treating mental disorders. Double-blind randomized placebo-controlled studies have confirmed that bacopa provides memory-enhancing effects and exhibits the potential for improving cognitive performance in the elderly, including memory acquisition and retention, alertness, concentration, comprehension and recall. Bacopa has also demonstrated anxiolytic and anti-depressant activity and has been shown to reduce depression and anxiety in both animals and humans.[xxvi-xxix]

**Ginkgo** (*Ginkgo biloba*) is likely the most widely used herbal medicine in the United States and Europe for alleviating symptoms of age-related cognitive decline and dementia. Ginkgo biloba leaf extract has been shown to enhance working memory and mental performance in both healthy young individuals and patients with age-related cognitive impairment. Research suggests that ginkgo biloba may increase cognitive processes and memory deficits through its numerous vascular effects as well as by influencing various neurotransmitter systems that are of critical importance in cognition. In addition, ginkgo biloba demonstrates anxiolytic and anti-depressant effects. Human studies have demonstrated that ginkgo biloba can reduce anxiety, elevate mood and enhance quality of life in patients with anxiety disorders and mild-to-moderate dementia.[xxx-xl]

INTERPAGE® NETWORK SERVICES INC.

Phone +1 (510) 315 2750 ▪ Fax: +1 (650) 292 1600 ▪ www.interpage.net

*Hello!*

*This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!*

*This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).*

*If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.*

This file is a sample MS Word file many other file types are supported

*If you have any questions regarding Interpage's OutFax(sm) Service including the FaxUnlimited(sm) service with no-per or per-minute charges, please feel free to contact us at:*

*Phone:* +1 (510) 315-2750 9AM to 5:30 PM M-F Pacific Time
*E-Mail:* insl-support@interpage.net
*Web:* http://www.interpage.net

*Thank you for your interest!*

Notes: 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages, only the above fixed sample message will be transmitted. You may establish a trial account for evaluative purposes by filling out the form located at http://www.interpage.net/sub-fax-trial.html, omitting any billing information, and finally indicating a valid e-mail address and contact telephone number. Please call (510) 315-2750 for additional details.

2. This fax is not a solicitation nor a at an offer. It was sent by a visitor to interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two tests in a given week, however, if you find that someone is sending you faxes in a continuous and abusive manner, please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

# Documents Stack

Welcome to Mac OS X Snow Leopard

The Dock in Snow Leopard includes Stacks, which you can use to quickly access frequently used files and applications right from the Dock.

Stacks are simple to create. Just drag any folder to the right side of the Dock and it becomes a stack. Click a stack and it springs from the Dock in either a fan or a grid. To open a file in a stack, click the file once.

Mac OS X Snow Leopard includes three premade stacks called Documents, Downloads, and Applications. You opened it as a file from the Documents stack. The Documents stack is a great place to keep things like presentations, spreadsheets, and word processing files. You can drag files to the stack or save them to the stack from an application.

Documents

Downloads

Applications

Stacks automatically display their contents in a fan or a grid based on the number of items in the stack. You can also view the stack as a list. If you prefer one style over the other, you can set the stack to always open in that style.

Stacks intelligently show the most relevant items first or you can set the sort order so that the items you care about most always appear at the top of the stack. To customize a stack, position the pointer over the stack icon and hold down the mouse button until a menu appears. Choose the settings you want from the menu.

To remove a file from a stack, just open the stack and drag the item out to where you want it. To delete a file, move it to the Trash. In fact, when you are done reading this document, feel free to throw it out.

## Print Quality Check

Check that the dotted lines forming the four color blocks are all visible with no gaps. If OK, select [Yes] on the control panel. If gaps are visible, select [No] on the control panel to start the cleaning process and follow the prompts on the LCD.

This Brother inkjet machine has been designed to provide you with consistently long lasting printed pages with outstanding Genuine Brother InkjetJet(TM) ink.

The use of non Brother inks in this machine may potentially result in inferior output quality and/or machine damage.

Any required repairs for damages caused to result from using non Brother inks in this machine may not be covered by the original machine limited warranty.

We strongly suggest you use only Genuine Brother InkjetJet(TM) inks when it is time for you to replace ink cartridges.

#2

# Sending a Fax after Canceling the Super G3 Mode ([V.34])

**V.34**

V.34 is a communication mode used for the Super G3 fax communication.

This can shorten the communication time and reduce communication costs because a single page of letter/A4 size paper can be sent in as little as approximately three seconds.

By default, this machine transmits faxes with V.34. You can send faxes with V.34 canceled if it is not possible to establish a communication in the Super G3 mode depending on telephone line conditions (for example, when the remote of the machine is connected to a PBX line).

**Tips**

When registering electronic one-touch/speed dial keys, you can specify whether to send faxes in the V.34 mode in addition to registering fax numbers.

If the V.34 function is canceled, the following functions cannot be used together.

- ECM OFF, Polling TX, Polling TX (Bulletin Board), Polling RX, Polling RX (Bulletin Board)

**Operation flow**

1. Load the original.
2. Tap [Scan/Fax].
3. Specify the destination.
4. Tap [Application] - [Fax Setting] - [Line Setting].
5. Cancel the setting of [V.34], then tap [OK].

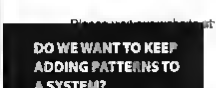
Yet another source of uncertainty is both the data generation and the transmission processes. Considering a trajectory. It is sometimes possible to see outliers, suddenly locating the vessel [illegible] (this could be due to either the malfunction of the vessel's system or [illegible]). A final source of uncertainty is that we cannot expect to receive data at [illegible] (bad weather conditions are a factor here). We cannot expect to receive data at [illegible] and it should be taken for granted that corrupt data streams are going to be fed to the system.

PDF Test File

These sources of data uncertainty are more or less obvious. What is less obvious is another [illegible] relationship might not present even in the ideal case where we have complete data sets. [illegible] Suppose that we have a rule system for detecting possible collisions by projecting in the future vessel trajectories and determining whether these future trajectories [illegible]. Suppose now that [illegible] windows. What would happen if we applied this pattern on [illegible] vessels moving in or near ports, constantly maneuvering to approach and dock or leave the [illegible] dock with such a high traffic density, we would simply get a deluge of false positives.



Within the port context this behavior should be considered [illegible] so that a warning is produced only when there "really" is a danger given the port conditions. But imagine another scenario in which two vessels away from any ports this time are indeed on a "collision" course. But they have actually agreed beforehand to meet (e.g. for an inspection). Another case of a false projected collision is a result of [illegible]

## Pattern Refinement

One solution to the problem of multiple behaviors satisfying a pattern might be simply to refine the patterns in order to capture all the possible cases. However, there are two problems with this approach.

First, such an ad nauseam pattern refinement might not even be feasible, since we might lack the necessary knowledge, especially at the early stages of system deployment.

Second, the question remains whether we want to keep adding patterns to the system for every possible case, given the performance cost they might incur. Early detection of a behavior based on a possibly not complete pattern, could be preferable to a near perfect but delayed (and therefore possibly useless) especially for critical situations (this is the case of "better safe than sorry").

*** Solution ***

The WLAN access point/router cannot be detected.

1. Check the following 4 points.

   - Make sure that the WLAN access point/router is powered on.
   - Move your machine to an obstruction-free area, or closer to the WLAN
     access point/router.
   - Temporarily place your machine within about one meter (3.3 ft.) from the
     WLAN access point when you are configuring the WLAN settings.
   - If your WLAN access point/router is using MAC address filtering, confirm
     the MAC address of the Brother machine is allowed in the filter.

2. If you manually entered the SSID and security information(SSID/authentication
   method/encryption method/Network Key) the information may be incorrect.
   Reconfirm the SSID and security information and re-enter the correct
   information as necessary.

   - How to confirm wireless security information(SSID/authentication method/
     encryption method/Network Key)
     1) The default security settings may be provided on a label attached to
        the WLAN access point/router. Or the manufacturer's name or model name of
        the WLAN access point/router may be used as the default security settings.
     2) See the documentation provided with your WLAN access point/router for
        information on how to find the security settings.

     * If WLAN access point/router is set to not broadcast the SSID, the SSID
       will not automatically be detected. You will have to manually enter the
       SSID name.
     * The Network key may also be described as the Password, Security Key or
       Encryption Key.

If you do not know the SSID and wireless security settings of your WLAN access
point/router or how to change the configuration, see the documentation provided
with your WLAN access point/router, ask the manufacturer of your access
point/router or ask to your Internet provider or network administrator.

<Configuration>
 Network Name (SSID)                    ANYFP
 Hardware Address (MAC)                 c8 e2 44:81:05:3c
 Communication Mode                     Ad-hoc
 Authentication Type                    Open System
 Encryption                             NONE
 Network Channel                        -
```

## Fax Settings

Reference your Owner's Manual for help adjusting the settings below

| | |
|---|---|
| ECM (error correction mode) | Off |
| Baud Rate | 9600 |
| International | On (this is set on a per-call basis) |
| Resolution | Standard |
| Answer Mode | Fax Only |
| Rings to Answer | Zero (0) |
| Call Waiting | Off |
| Bandwidth Saver | High (90 kbps) |
| Distinctive Ring | Off |

## Troubleshooting Steps

The steps below will help you resolve common faxing problems:

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring
- If using an All-In-One device, temporarily disconnect device from PC

## Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help.

Call us at 1-VONAGE-HELP (1-866-243-4357) or visit www.vonage.com

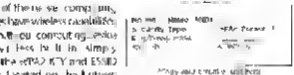
Many of the wireless computing devices that use wireless capabilities, but that you computing device has an Ethernet port, enter the WPA2 KEY and ESSID values located on the bottom of the Wireless Gateway into the appropriate fields as directed by your laptop user guide.



If your computing device does not have built-in wireless capabilities, you can purchase a 802.11b or 802.11g or 802.11n wireless card. Once you have successfully installed your 802.11b, 802.11g or 802.11n card, you will need to enter the WPA2 KEY and ESSID values located on the bottom of the Wireless Gateway into the appropriate fields as directed by your wireless card's user guide.

Note: If you do not have the security key or passphrase, you can retrieve it from the Wireless Gateway's web-based configuration utility. Refer to the user guide for your wireless gateway for more information.

You will be able to connect multiple wireless computing devices to the Internet at the same time.

**If you require additional information, please see the user manual.**

ARRIVÉE

# THE SLEREXE COMPANY LIMITED

SAPORS LANE · BOOLE · DORSET · BH25 8ER

TELEPHONE BOOLE (945 13) 51617 · TELEX 123456

Our Ref. 350/PJC/RAC 18th January, 1972.

Dr. P.N. Crandall,
Minfax Surveys Ltd.,
Holroyd Road,
Reading,
Berks.

Dear Pete,

Permit me to introduce you to the facility of facsimile transmission.

In facsimile a photocell is caused to perform a raster scan over the subject copy. The variations of print density on the document cause the photocell to generate an analogous electrical video signal. This signal is used to modulate a carrier, which is transmitted to a remote destination over a radio or cable communications link.

At the remote terminal, demodulation reconstructs the video signal, which is used to modulate the density of print produced by a printing device. This device is scanning in a raster scan synchronised with that at the transmitting terminal. As a result, a facsimile

Microsoft Office Enterprise 2010 Corporate Final (full activated)

FileSize  750 Mb
Language  English
Crack inf  n/a

[Software INFO ]

This is the leaked Microsoft Office 2010 Enterprise Corporate Edition  This version also doesn't need an activation.. The

installer is very simple, undetailed and handy  The interface of application is completely changed  it is modernized and

practically reminds in no way to the previous versions In a few minutes the software will be installed on your computer

without any questions or other things that slow down the installation
Office Enterprise 2010 is the most complete Microsoft toolset provided for people who must collaborate with others and work

with information efficiently, regardless of location or network status.. Office Enterprise 2010 builds on the strengths of

Microsoft Office Professional Plus 2010  adding Microsoft Office Groove 2010 and Microsoft Office OneNote 2010.. enabling

people to collaborate and create, manage, and use information more efficiently

  Microsoft Word 2010
  Microsoft Excel 2010
- Microsoft Outlook 2010
- Microsoft PowerPoint 2010
  Microsoft OneNote 2010
- Microsoft Access 2010
  Microsoft InfoPath 2010
  Microsoft Publisher 2010
- Microsoft Project 2010
  Microsoft SharePoint Designer 2010
  Microsoft SharePoint Workspace 2010
- Microsoft Visio 2010

[INSTALL NOTES]

1.  Burn ISO to dvd or simply mmount
2.  Run setup.exe

That's it  this version is fully activated

Edwards

[redacted]

[redacted] 2015

Dear [redacted] Partnership

Thank you for your letter dated [redacted] We have received all the documents we requested and have made our final determination of the Edward's styles and [redacted] We are pleased to confirm that we can now offer the following styles for the Edward's Partnership for the 2015 selling season:

- [redacted] Edwards Green Classics
- 2015 [redacted] Edwards Blue Classics
- [redacted] Edwards Red Classics for our Spirit Retailers

We [redacted] Edwards Blue and Edwards Green styles for you by mid-May. At this time we do not have plans to produce the Edwards Red styles.

I would like to thank you for your feedback with the [redacted] and look forward to working with you on your [redacted] Edwards Partnership during the [redacted] 2015.

Sincerely,

[redacted]

TEST FAX _ AA

Hi Clem!

## Enable client-side targeting

Setting Path
Computer Configuration\Administrative Templates\Windows Components\Windows Update

Supported On:
At least Windows 2000 Service Pack 3 or Windows XP Professional Service Pack 1

Explanation

Specifies the target group name or names that should be used to receive updates from an Intranet Microsoft update service.

If the status is set to Enabled, the specified target group information is sent to the Intranet Microsoft update service which uses it to determine which updates should be deployed to this computer.

If the Intranet Microsoft update service supports multiple target groups this policy can specify multiple group names separated by semicolons. Otherwise, a single group must be specified.

If the status is set to Disabled or Not Configured, no target group information will be sent to the Intranet Microsoft update service.

Note: This policy applies only when the Intranet Microsoft update service this computer is directed to is configured to support client-side targeting. If the "Specify intranet Microsoft update service location" policy is disabled or not configured, this policy has no effect.

Varieties
Most blueberry plants fall into lowbush or highbush varieties. Highbush blueberries offer the best growing possibilities in zone 7. The available cultivars break down into either northern varieties adapted to zones 4 to 7 or southern highbush plants that grow best in zones 7 to 10.
Cultivars
Northern highbush cultivars that grow well in zone 7 include Bluecrop, Blue Ray and Earliblue. Southern highbush cultivars that thrive in the same zone include Gulf Coast, Misty, Reveille and O'Neal. Sharpblue is another southern cultivar that can grow in zones 7 through 11.

Read more: Which Blueberry Bush Grows Best in Zone 7?

All blueberry bushes, including those growing in hardiness zone 7, require acidic soil in which to grow. The pH of the soil must be between 4.0 and 5.5 to produce good quality fruit. Blueberries also require at least six to eight hours of sunlight per day. If the plants receive less, they will produce smaller quantities of fruit.

Summer is rapidly approaching, and that means www.SoundHealthExplorer.org will soon be updated with new data to help you better understand the health of the beaches where you fish and swim, kayak and paddle.

Your support ensures Save the Sound's ability to collect samples and report on the health of beaches around the Sound, leading to fewer beach closures, more safe swimming days and more precious Sound memories.

**Supporting Abundance**

As you carry on with spring cleaning, prepping your garden and packing away winter clothes, pregnant fish are struggling to reach their ancient up-river spawning grounds due to dams, culverts, and other human-made obstacles.

With your member support, Save the Sound will launch our first dam removal project in New York on the Nissequogue River this summer, opening valuable spawning habitat to migratory fish on Long Island. Our habitat restoration efforts will continue nearby at Long Island's Sunken Meadow State Park with the introduction of 20,000 baby eelgrass plants and efforts to reconstruct the park's massive parking lot to better manage stormwater runoff.

Your member gift will advance crucial steps towards restoring the biodiversity of Long Island Sound.

**Plant a Seed for the Future**

Every time I head out for a paddle on the Sound, or pass a river on my morning bike ride to work, I see each and every one of Save the Sound's members reflecting back at me.

You're the sprightly plovers, the hearty dune grass, the undaunted river herring.

And each dollar you spend to support Save the Sound is a seed.

**With your membership, you are planting the Sound's future—a pollution-free future, a future free of leaks and dead zones, characterized by an abundance of wildlife and safe beach days.**

We've made it our job to tend the garden, but we can't grow without your life-giving support.

Thank you for making Long Island Sound safe and healthy for people and wildlife.

Sincerely,

Curt Johnson
President, CFE/Save the Sound

*P.S. Your support is starting to clean up your water! Your membership is allowing our attorneys to advance our clean water legal case in Westchester. Thanks to you, Port Chester and the Village of Mamaroneck have agreed to fix their leaking sewer pipes by the end of 2019, and Mamaroneck Harbor is already much safer to swim and boat in than it was just four years ago!*

# Our News

Mrs. Nicholls
Ms. Karshan

Kindergarten
Room 104

## The Importance of Reading to your child

**4 hidden benefits of reading to your child daily**

1. **Building Bonds** - reading is a necessity for learning but it is also one of the best ways to build a bond with your child. As a parent you are your child's first teacher
2. **Building a rich vocabulary** - hearing a vocabulary of words will allow your child to build their understanding of words and their own vocabulary
3. **Being a role model** - when your child sees you reading they will show an interest in reading as well.
4. **Boosting self-esteem and communication** - early readers have rich vocabularies which help them communicate with peers and teachers.

Dedicating 5 minutes a day to read to your child in any language whether it is English or any additional languages will promote these benefits

**Angelina, Alka and Filia reading at a table group.**

### Important Reminders

- ✓ Due to the seasonal change, please ensure that your child arrives to school in the appropriate attire. (ie. jacket, hat etc.)
- ✓ Please update the extra clothes for your child and make sure it is weather appropriate.
- ✓ Please ensure that we have all updated information on file. Thank you.

## Ms. Karshan's Craft Corner

Here is an easy and simple activity that you can do with your child at home. This activity will encourage child development and promote quality time.

**Dates to remember:**

Thanksgiving—Monday October 10th (NO SCHOOL)

Cappard Cares Character Assembly—Thursday October 27th

PA Day—Friday October 28th (NO SCHOOL)

## Re: Faxing - what machines work?

by EX_Bell » Wed Feb 01, 2012 9:09 pm

For anyone struggling with a Samsung SCX4521F with a Tele- try *98 rather than *99

I was having no luck with *99 as a dialing prefix but then I read that someone left their ECM turned on. I tried this and it sent extremely slow, but several minutes later it showed up on Fax Toy. Then I tried a second and it failed. Re-tried and it failed again. Turned ECM off again, but as suggested by many, I set the dialing prefix to *98. Success! Three times in a row and it worked every time. In fact, it works so well that faxes send in about 10-15 seconds and 20 seconds later they appear on Fax Toy.

For those of you with the Samsung SCX-4521F you will find both the setting for the Dialing Prefix (so it will dial *98 automatically for you, before the fax number you enter) and the ECM on/off toggle under "**Advance Fax**" in the setup menu.

Here's some background info on what *98 does:
http://en.wikipedia.org/wiki/G.711

To change the overall look of your document, choose new Theme elements on the Page Layout tab. To change the looks available in the Quick Style gallery, use the Change Current Quick Style Set command. On the Theme gallery and the Quick Styles gallery, provide reset commands so that you can always restore the look of your document to the original contained in your current template. On the Insert tab, the galleries include items that are designed to coordinate with the overall look of your document. You can use these galleries to insert tables, headers, footers, lists, cover pages, and other document building blocks. When you create pictures, charts, or diagrams, they also coordinate with your current document look.

1 855-330 1239

**High-frequency noise detected**

The fax modem has detected high-frequency noise on the telephone line. This noise might be caused by a DSL/ADSL connection and might affect the printer's ability to send and receive faxes.

Please check the items below then rerun this test.

If you have a DSL/ADSL service through your telephone company, connect a DSL/ADSL filter between the telephone wall jack and the printer. The DSL filter removes the digital signal that can interfere with the printer so the printer can communicate correctly with the phone line. For setup information, see the documentation provided with the printer.

NOTE: If you have a DSL/ADSL line and you do not connect the DSL/ADSL filter, you cannot send and receive faxes with the printer.

If you encounter problems, contact your local service provider or vendor for further assistance.

If you do not have a DSL/ADSL service, check the sound quality of the phone line by plugging a phone into the telephone wall jack and listening for static or other noise. For more information, contact your telephone company.

Note: Your printer might still be able to send and receive faxes, but at a slower speed.

If you do not have a DSL/ADSL service, check the sound quality of the phone line by plugging a phone into the telephone wall jack and listening for static or other noise. For more information, contact your telephone company.

If you are using a private branch exchange (PBX), you might be able to send and receive faxes successfully. If

## ■Available Fax Settings Options

You can use the following settings options for configuring the fax system:

| Option | | Description |
|---|---|---|
| Auto Select | TEL Mode | Automatic fax reception is turned off. You can receive a fax by picking up the handset of the external telephone and then pressing the remote receive code. Or, you can set up an ring times from the remote machine and then pressing the Start button. |
| | FAX Mode* | Automatically receives faxes. |
| | TEL/FAX Mode | When the printer rings for the number of rings you specify in Rings to Answer, and then no person automatically receives a fax. If an incoming call is not a fax, the printer beeps from the internal speaker, indicating that the call is a telephone call. |
| | Ans/FAX Mode | The printer can share a telephone line with an answering machine. In this mode, the printer will monitor the fax signal and pick up faxes. If it receives a fax tones |
| | DRPD Mode | Before using the Distinctive Ring Pattern Detection (DRPD) option, distinctive ring services must be installed on your telephone line by your telephone company. After the telephone company has provided a separate number for faxing with a distinctive ring pattern, configure the fax setup to monitor for this specific ring pattern. |
| Auto Answer Fax | | Sets the interval at which the printer goes into the fax receive mode after receiving an incoming call. The interval can be specified within the range of 0 to 255 seconds. The default is 0 seconds. |
| Auto Ans. TEL/FAX | | Sets the interval at which the printer goes into the fax receive mode after the external telephone receives an incoming call. The interval can be specified within the range of 0 to 255 seconds. The default is 5 seconds. |
| Auto Ans. Ans/FAX | | Sets the interval at which the printer goes into the fax receive mode after the external answering machine receives an incoming call. The interval can be specified within the range of 0 to 255 seconds. The default is 21 seconds. |
| Line Monitor | | Sets the volume of the line monitor, which audibly monitors a transmission through the internal speaker, until a connection is made. |
| Ring Tone Volume | | Sets the volume of the ring tone, which indicates that an incoming call is a telephone call through the internal speaker when Rings to Answer is set to TEL Mode. |
| Line Type | | You can select the default line type.<br>• PSTN<br>• PBX |

[illegible]

P33

P33

# WARNING

1. Any person intending to operate this equipment or any person intending to be in the vicinity during its operation that cannot read or completely understand all of the warnings, operating procedures and instructions, and the rules for safer operation contained in this manual must receive proper training from their supervisor and/or employer. Consult Axxiom Manufacturing, Inc.

2. Do not operate any abrasive blaster or blast equipment before reading and completely understanding all the warnings, operating procedures and instructions, and the rules for safer operation contained in this manual.

3. Do not operate any abrasive blaster or blast equipment without following the rules for safer operation and all the operating procedures and instructions. Failure to properly use blast equipment could result in serious injury or death.

4. Do not perform any maintenance while any abrasive blaster or blast equipment is pressurized. Always depressurize any vessel before loading media or performing any maintenance.

5. Do not use abrasives containing free silica. Silica can cause silicosis or other related respiratory damage. You must wear personal protective equipment for all abrasive blasting operations. Observe all applicable local, state and federal safety regulations in conjunction with airline filters and respiratory protection. Reference OSHA (Occupational Safety and Health Administration).

6. Do not enter areas during abrasive blasting operations without breathing protection. All personnel in the vicinity of abrasive blasting operations should wear NIOSH approved air fed respirators, hoods or helmets.

7. Do not modify or alter any abrasive blaster, blast equipment or controls thereof without written consent from Axxiom Manufacturing, Inc.

8. Do not use bleeder type deadman valves on any Schmidt® abrasive blasters. The use of A-BEC, Clemco or a similar bleeder type deadman valve can cause unintentional start-up without warning, which can result in serious personal injury.

9. Do not sell, rent, or operate abrasive blasters without remote controls. OSHA regulations require remote controls on all blast machines. Failure to use remote controls can cause serious injury or death to the operator(s) or other personnel in the blasting area. (Reference OSHA regulations.)

10. Do not repair or replace any portion of Schmidt equipment using components that are not Schmidt original replacement parts. Use of replacement components that are not Schmidt original replacement parts may result in equipment failure which can result in serious personal injury and will void all warranties.

## NOTICE TO APPLICANT – PARTS 1 AND 2

**Part 1: Fair Credit Reporting Act aka Privacy Act Pre-Notification**
The application you complete for insurance with us in most cases gives us all the information we need. In certain cases, we may need more information.

If we need more information, we may get it by talking to other persons you know including, but not limited to, your agent or other insurance companies you have applied to. We may ask an independent "consumer reporting agency" to help us verify facts or get additional facts.

We may collect information concerning your health, job and financial situation, as well as your character, general reputation and mode of living. We will not collect information relating to your sexual orientation.

The personal information we obtain about you is treated as confidential and will not be disclosed to other persons or organizations without your written authorization except to the extent necessary, as permitted by law, for the conduct of our business. But any information collected by a "consumer reporting agency" may be shared by the agency with others who use such information, but only to the extent which the Fair Credit Reporting Act permits. You have a right of access and right of correction concerning recorded personal information obtained in our file. In order to exercise these rights, you must contact us in writing requesting access or correction.

You have no access right or privileged information. If we used a "consumer reporting agency" you have the right to: (1) ask to talk with them and; (2) ask them about their report. You may write us for the name and address of the agency. This paragraph is not intended as a complete description of your right of access and correction. If you would like a more complete description of our Insurance Information and Privacy Protection Practices, please write: Guarantee Trust Life Insurance Company, 1275 Milwaukee Avenue, Glenview, IL 60025.

**Part 2: Notification Regarding the Medical Information Bureau**
Information regarding your insurability will be treated as confidential. Guarantee Trust Life Insurance Company or its reinsurers may, however, make a brief report thereon to MIB, Inc., a non-profit membership organization of life insurance companies, which operates an information exchange on behalf of its members. If you apply to another member company for life or health insurance coverage, or a claim for benefits is submitted to such a company, the MIB, Inc., upon request, will supply such company with the information in its file. Upon receipt of a request from you, the MIB, Inc. will arrange disclosure of any information it may have in your file. If you question the accuracy of the information in the MIB, Inc.'s file, you may contact the MIB, Inc., and seek a correction in accordance with the procedures set forth in the federal Fair Credit Reporting Act. The address to the MIB information office is 50 Braintree Hill Park, Suite 400, Braintree, Massachusetts 02184-9734, telephone number (866) 692-6901, e-mail address mibinc@mib.com. Guarantee Trust Life Insurance Company or its reinsurers may also release information in its file to a reinsurer(s) and to other life insurance companies to whom you may also apply for life or health insurance, or to whom a claim for benefits may be submitted.

**Applicant's Acknowledgement**

I (We) authorize the Company, or its reinsurers, to make a brief report of my (our) personal health information to MIB.

I (We) acknowledge that I (We) have read and understand the above.

### Gateway

This field displays the current gateway or router address used by the machine. If you are not using DHCP or BOOTP to obtain the gateway or router address, enter the address you wish to assign. If you do not have a gateway or router, leave this field blank. Check with your network administrator if you are unsure.

1. Press **Menu**.
2. Press ▲ or ▼ to choose `Network`.
   Press **OK**.
   (MFC-9120CN, MFC-9010CN and DCP-9010CN) Go to step 3.
   (MFC-9320CW) Go to step 4.
3. (MFC-9320CW only)
   (For Wired) Press ▲ or ▼ to choose `Wired LAN`.
   (For Wireless) Press ▲ or ▼ to choose `WLAN`.
   Press **OK**.
4. Press ▲ or ▼ to choose `TCP/IP`.
   Press **OK**.
5. Press ▲ or ▼ to choose `Gateway`.
   Press **OK**.
6. Enter the Gateway address using the dial pad. (To enter numbers and text, see *Entering Text* on page 229.)
   Press **OK**.
7. Press **Stop/Exit**.

### Node Name

You can register the machine name on the Network. This name is often referred to as a NetBIOS name; it will be the name that is registered by the WINS server on your network. Brother recommends the name "BRNxxxxxxxxxxxx" for a wired network or "BRWxxxxxxxxxxxx" for a wireless network. ("xxxxxxxxxxxx" is your machine's MAC Address / Ethernet Address.)

1. Press **Menu**.
2. Press ▲ or ▼ to choose `Network`.
   Press **OK**.
   (MFC-9120CN, MFC-9010CN and DCP-9010CN) Go to step 3.
   (MFC-9320CW) Go to step 4.
3. (MFC-9320CW only)
   (For Wired) Press ▲ or ▼ to choose `Wired LAN`.
   (For Wireless) Press ▲ or ▼ to choose `WLAN`.
   Press **OK**.

# OHIO MEDICAID ESTATE RECOVERY

## THE OHIO DEPARTMENT OF JOB AND FAMILY SERVICES

### WHAT IS ESTATE RECOVERY?

Estate recovery seeks to recover correctly paid Medicaid benefits from the estates of deceased recipients aged 55 and over as required by the federal Omnibus Budget Reconciliation Act of 1993 (OBRA 93) and Section 5111.11 of the Ohio Revised Code.

### HOW DOES IT WORK?

The Attorney General's Office (AGO) investigates the existence of an estate and may contact the family or other parties for information. The AGO is also responsible for presenting claims to the estate's executor on behalf of the Ohio Department of Job and Family Services (ODJFS) to recover some of the money that Medicaid paid for the deceased individual's care.

### WHAT IS AN ESTATE?

An estate is all of the real and personal property owned by the individual at the time of death. Recovery will only be made from probated assets.

### WHOSE ESTATE DOES THE PROGRAM AFFECT?

The program affects the estates of persons 55 or older who received Medicaid services on or after age 55.

### WHAT MEDICAID BENEFITS ARE SUBJECT TO RECOVERY?

All Medicaid payments for services received since January 1985.

### RECOVERY FROM THE ESTATE WILL ONLY BE MADE:

- ✓ After the death of the Medicaid recipient's surviving spouse.
- ✓ At a time when the deceased Medicaid recipient has no surviving child under age 21.
- ✓ At a time when the deceased Medicaid recipient has no surviving child of any age who is blind or disabled as determined by Medicaid disability regulations.

### ARE THERE EXCEPTIONS TO ESTATE RECOVERY?

- ✓ Estate recovery does not apply to non-probate assets such as survivorship deeds.
- ✓ In certain circumstances in which recovery from an estate is found to create an "undue hardship" to a survivor, the right to immediate recovery may be deferred or waived by the state. Undue hardship waivers are made at the discretion of the AGO, in conjunction with the local probate court, on a case by case basis. An example would be waiving recovery of an asset that is the sole income producing asset of the survivor, such as a working farm, because recovery would affect the survivor's livelihood.

## COMMONLY ASKED QUESTIONS

### WILL A LIEN BE PLACED ON MY HOME?

Federal and State laws permit liens to be placed on the home. However, in Ohio liens are not permitted on the home of persons receiving home and community-based services such as PASSPORT. A home may be subject to estate recovery through probated estates even without a lien being placed on the property.

### HOW WILL MY EXECUTOR OR FAMILY KNOW IF MEDICAID WILL MAKE A CLAIM AGAINST MY ESTATE?

After a Medicaid recipient dies, ODJFS sends a summary of Medicaid payments to the AGO. The AGO will check to see if an estate has been filed with the Probate Court. The AGO is responsible for sending a notice of claim to the person executor. If an estate has not been filed but assets exist, the AGO can ask the Probate Court to open an estate.

### HOW IS ESTATE RECOVERY AFFECTED IF I HAVE A WILL?

The legal process known as probate settles an individual's estate by distributing the estate to creditors and heirs and beneficiaries. Creditors file claims with the estate to ensure payment of a debt owed to them. Both the state and other creditors are paid before any assets are distributed to heirs or other beneficiaries whether or not there is a will.

# Instructions for Your Quicken WillMaker Will

## Before You Sign

This section lists the steps to take before you finalize your Quicken WillMaker document and put it to use.

### *Make Sure You're Using the Current Version of Quicken WillMaker*

We've done our best to ensure that this program is bug free and legally up to date. Nonetheless, problems can arise, and laws do change. When our users report problems, we try to quickly fix the program. In addition, we update our software to reflect changes in the law when necessary. If you haven't done so in the past month, run the Web Update feature to make sure that you're using the most recent version of this program *before you finalize your document*.

To run Web Update: open the Online menu and choose Web Update. Then, follow the instructions that appear on the screen. After you've updated the program, you can safely print and sign your documents.

### *Review Your Document*

Read your will carefully. Is everything printed as you intended? Do you understand the meaning of every word? Do not sign your will unless you are completely satisfied with what it says.

## Signing Your Will

You must sign your will in front of two witnesses. The witnesses must be adults who are not beneficiaries of your will. That means that your witnesses cannot be named in your will to receive any of your property, even as alternate or residuary beneficiaries. Also, your witnesses should be easily available when you die, so it is usually best to choose witnesses who are in good health, younger than you are and likely to remain in your geographic area.

Here's what you need to do:

1. Tell your witnesses that you intend the document to be your will.
2. Initial and date the bottom of each page of the will. (Use just one of the blank lines for your initials. Your witnesses will use the others.)

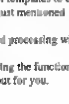
## Get to Know Pages

Pages is much more than just a word processor It's a gift from above! Pages expertise isn't limited to just being a word processor it's also a page layout program. You can create a full color travel brochure as easily as you can create a double-spaced book report. If you've ever used Microsoft Word, you will be blown away by how Pages does essentially the same job but with so much less effort Pages is actually a pleasure to use due to its intuitive interface and the huge array of professional templates that make laying out a project nearly effortless

Pages has two modes word processing and page layout. Open Pages by double-clicking its icon in Hard Drive | Applications | iWork



You are presented with a huge range of templates to choose from (see Figure 7 1). These templates are divided into the two modes just mentioned and you should choose which mode best suits your needs.

Figure 7 2 gives a quick peek at a word processing window and Figure 7 3 shows what a page layout window looks like

As with every other application knowing the functions of all the buttons and menus in Pages is a huge help Figure 7-4 spells them all out for you.

Central College
TL

Top 10 things we learned today:

1. Trump was never under investigation.
2. Trump did not obstruct justice
3. Trump did not collude with Russia.
4. Russia did not alter the election outcome.
5. Comey leaked his own memo.
6. Loretta Lynch pressured Comey to cover for Hillary Clinton.
7. There was ample evidence to put Hillary in jail but Comey chose not to pursue it.
8. CNN and other fake news outlets have been lying / making things up this entire time.
9. The Democratic Party no longer has the ability to scream "RUSSIA" every time Trump tries to do something.
10. The Russia story is dead - any democrat who continue to push it will look foolish and insane to the American people.

and Part III Notices to Borrowers.

(2) Occupancy: (for VA only – mark one applicable box)

☐ (a) I/we actually occupy the above-described property as my home or intend to move into and occupy said property as my home within a determined period of time or intend to maintain it after the completion of major alterations, repairs or improvements.

☐ (b) My spouse is on active military duty and in his or her absence, I occupy or intend to occupy the property securing the loan as my home.

☐ (c) I previously occupied the property securing this loan as my home. (for interest rate reduction)

☐ (d) While my spouse was on active military duty and unable to occupy the property securing the loan, I previously occupy all the property that is securing the loan as my home. (for interest rate reduction loan)

Note: If item 2b or 2d is checked, the veteran's spouse must also sign below

(3) Mark the Applicable box (not applicable for Home Improvement or Refinancing Loan): I have been informed that §

☐ ) etc

☐ The reasonable value of the property be determined by VA or

☒ the statement of appraised value as determined by HUD/FHA.

Note: If the contract price or cost exceeds the VA appraised Value" or HUD/FHA Statement of Appraised Value" must either item (a) or item (b), whichever is appropriate.

☐ (4) I was aware of this valuation when I signed my contract and I have paid or will pay in cash from my own resources at or prior to loan closing a sum equal to the difference between the contract purchase price or cost and the VA or HUD/FHA established value. I do not and will not incur contributing after loan closing any unpaid contractual obligation on account of such cash payment.

☐ (5) I am not aware of the valuation when I signed my contract but have elected to complete the transaction at the contract purchase price or cost. I have paid or will pay in cash from my own resources at or prior to loan closing a sum equal to the difference between contract purchase price or cost and the VA or HUD/FHA established value. I do not and will not incur contributing after loan closing any unpaid contractual obligation on account of such cash payment.

(6) I/we will terminate this contract without penalty or forfeiture of earnest money deposit if the property does not appraise for the sales price agreed to in this contract. I/we prefer to buy the property even though it may appraise for less than the sales price and I/we will pay in cash from my/our own resources, in excess of the reasonable value established by VA, a sum equal to the difference between the sales price and the reasonable value established by VA. I/we do not and will not incur contributing after loan closing any unpaid contractual obligation on account of such cash payment.

(7) Neither I, nor anyone authorized to act for me, will refuse to sell or rent, after the making of a bona fide offer, or refuse to negotiate for the sale or rental of, or otherwise make unavailable or deny the dwelling or property covered by his/her title to any person because of race, color religion, sex handicap, familial status or national origin. I/we certify that any restrictive covenant on the property relating to race, color religion sex handicap, familial status or national origin is illegal and VA and civil action for preventive relief may be brought by the Attorney General of the United States, or any appropriate U.S. District Court against any person responsible for the violation of the applicable law.

(8) All information in this application is given for the purpose of obtaining a loan to be insured under the National Housing Act or guaranteed by the Department of Veterans Affairs and the information in the Uniform Residential Loan Application and this Addendum is true and complete to the best of my knowledge and belief. Verification may be obtained from any source named herein.

(9) For HUD Only (for properties constructed prior to 1978) I have received information on lead paint poisoning.

☐ Yes ☐ Not Applicable

(10) I/we swear that neither HUD/FHA nor VA warrants the condition or value of the property.

Signature(s) of Borrower(s) – Do not sign unless this application is fully completed. Read the certifications carefully & review accuracy of the application

Signature(s) of Borrower(s) Date Signed

DANIEL PARRA 11/13/12

Signature(s) of Co-Borrower(s) Date Signed

(Borrowers Must Sign Both Parts IV & V) Federal statutes provide severe penalties for any fraud, intentional misrepresentation, or criminal conspiracy purposed to influence the issuance of any guaranty or insurance by the VA Secretary or the HUD/FHA Commissioner

Comments/Notes:

5 Click **Save**. The following confirmation message is displayed:

6 Click **OK**. The configuration settings are saved to the specified INI file.

You can now load the INI file into other individual Workshare Professional workstations or deploy to multiple machines.

## Deploying Configuration Files

When deploying a configuration file to Workshare Professional workstations, it must be loaded or copied into the **Config** folder of the Workshare Professional installation directory.

Loading a configuration (INI) file to a Workshare Professional workstation results in the INI file being read and the settings written to the configuration XML files. Additionally the default policy files (**Professional5.policy** and **Professional5.runtimepolicy**) are automatically generated (overwriting any existing default policy files).

**Note** There must be only **one** INI file in the **Config** folder at any time to ensure that only the settings in that INI file are used.

You can deploy or load configuration files in any of the following ways:

- Use the INIFILE parameter to specify the INI file location when either installing Workshare Professional from the command line or installing Workshare Professional using a deployment tool. Refer to *Chapter 5, Network Deployment*.
- Run the WCA from a command line (described in *Re-Running the WCA*, page 28) and specify the INIFILE parameter.
- Copy the configuration file into the **Modules\Config** folder of the Workshare Professional installation directory on a Workshare Professional workstation, for example, using copy/paste functions or a logon script.
- Use the **Load Configuration file** button in the Workshare Application Configuration Manager on an individual Workshare Professional workstation (see procedure on page 51).

# JUNIOR MEMORY VERSES

## Winter Quarter

*Dear Parents,*

*Scripture memorization is a vital part of your child's Christian education. In each lesson this quarter, the memory verse will be discussed.*

*Find out whether your child's teacher wants the students to memorize the verse the week before or after the lesson. Then help your child learn and review the memory verses throughout the quarter.*

*Please display these verses in a prominent place in your home to remind you and your child to do this.*

"By faith Abraham, when called to go to a place he would later receive as his inheritance, obeyed and went, even though he did not know where he was going."

Hebrews 11:8

Lesson 1

"Be devoted to one another in brotherly love. Honor one another above yourselves."

Romans 12:10

Lesson 2

"If this is so, then the Lord knows how to rescue godly men from trials and to hold the unrighteous for the day of judgment, while continuing their punishment."

2 Peter 2:9

Lesson 3

"He who did not spare his own Son, but gave him up for us all—how will he not also, along with him, graciously give us all things?"

Romans 8:32

Lesson 4

"As you know, we consider blessed those who have persevered. You have heard of Job's perseverance and have seen what the Lord finally brought about. The Lord is full of compassion and mercy."

James 5:11

Lesson 5

"Do not let your hearts be troubled. Trust in God; trust also in me. In my Father's house are many rooms; if it were not so, I would have told you. I am going there to prepare a place for you."

John 14:1-2

Lesson 6

"Love does no wrong to its neighbor. Therefore love is the fulfillment of the law."

Romans 13:10

Lesson 7

"Keep your lives free from the love of money and be content with what you have, because God has said, 'Never will I leave you; never will I forsake you.'"

Hebrews 13:5

Lesson 8

"So we say with confidence, 'The Lord is my helper; I will not be afraid. What can man do to me?'"

Hebrews 13:6

Lesson 9

"The Lord is good, a refuge in times of trouble. He cares for those who trust in him."

Nahum 1:7

Lesson 10

"And we know that in all things God works for the good of those who love him, who have been called according to his purpose."

Romans 8:28

Lesson 11

"Bear with each other and forgive whatever grievances you may have against one another."

Colossians 3:13

Lesson 12

"Your word is a lamp to my feet and a light for my path."

Psalms 119:105

Lesson 13

# QUICK INSTALLATION GUIDE

**MediaAccess TC8717T**

## Pasta

**Alfredo Pasta**
penne pasta covered with a rich and creamy alfredo sauce and mozzarella cheese. $6.49 add chicken for only $1/chicken ea

**Spaghetti**
spaghetti covered with plain garlic parmesan sauce, topped with mozzarella cheese. $6.99. add chicken for Italian meatballs $1/ea more

## Calzones

made with pizza guy's famous dough. comes with your choice of three toppings, sprinkled with garlic parmesan & served with red garlic sauce $7.99

## Sides & Extras

| | |
|---|---|
| cookie cheese $1.99 | garlic salt/ea 25¢ |
| banana covered 75¢ | gyrados 50¢ |
| ranch 25¢ | meatballs $1.25 |
| sour cheese 25¢ | parmesan cheese & red pepper 15¢ |
| pepperoncinis 25¢ | thirty mile seasoning 25¢ |
| red garlic sauce 25¢ | |

## Desserts

**Cupcakes** made the cookies factory
a special treat made by the cheesecake factory. $6.49

**Green Baked Cookies**
your choice of chocolate chunk, white chocolate chip etc. $2.49

**Apple "Pie" Pizza**
pie filling like grandma made topped with sweet streusel and baked to perfect on a crispy cobbler crust. small $6.99 large $8.49

**Gooey Fire Cookies**
2 cinnamon baked cookie topped with chocolate chunk, crispy graham crackers and covered with creamy chocolate syrup. $3.49

**Smores**
Crispy cobbler crust covered with rich and creamy milk chocolate topped with lightly toasted marshmallows and sprinkled with graham crackers. Small $4.99 large $7.99

## Fountain Drinks

fountain $1.89
(free refills, dine-in only)
coke/ diet coke/ sprite
mr. pibb/ dr. pepper
white grape juice/ sweet tea

## Appetizers

**Cheesesticks**
our fresh baked dough covered with mozzarella cheese and garlic butter. Small $6.49 large $8.49

**Breadsticks**
our famous breadsticks, regular or thin-style, served with red garlic sauce. $6.49 Choice of 8 reg. 8 pc. or thin 16 pc.

**Bread Bites**
great for parties! 24 bite-size bread sticks with red garlic sauce and garlic butter. $6.49

**Dizzy Sticks**
regular or deep-style bread sticks covered with Italian spices, parmesan cheese and garlic butter, served with red garlic sauce. $5.99
Choice of 8 reg. 8 pc. or thin 16 pc.

**Pizza Poppers**
four cheese baked parmesan stuffed with your seasoned Pepperoni, and 100% mozzarella cheese, then sprinkled with thirty seasoning, served with ranch and garlic sauces. $6.99

## Salads

**Grilled Chicken Salad**
all-white meat chicken, tomatoes, green peppers, lettuce and mozzarella cheese. half-size $6.25 Full-size $6.29

**Chipotle Chicken Salad**
all-white meat chicken, green peppers and tomato drizzled with chipotle sauce and covered with mozzarella cheese
half-size $6.49 Full-size $6.29

**Garlic Salad**
lettuce, mozzarella cheese, onions and green peppers.
Half size 3.25 / Full size $7.99

**Chef Salad**
lettuce, onions, green peppers, ham, turkey and mozzarella cheese.
half-size $4.25 Full-size $6.25

**Dressings:**
ranch, Bit-Tee ranch, sour cheese, French, onion, Bit-Tee Italian and honey mustard All adult salads are dressing, silverware and napkins packed. Extra dressing 75¢ each

## Wings

**Traditional Wings**
(7 wings per lb.) 1 lb $7.99 2 lb - $13.50 4 lb - $26.50

**Boneless Wings**
5 wings $4.99
10 wings $8.99
15 wings $12.99
flavors: Mango, hot, hot bbq, chipotle, bbq, sour cream and ranch

# Satisfaction Survey

Dear Mr. Roger

DWM continually strives to improve its service to you our customer. As such, we would appreciate if you could take the time to fill out this short survey regarding the last SERVICE CALL and fax it back to us along with your verification of the work completion. We take your responses very seriously.

When you have completed the survey simply fax the sheet to our office at 518-782-9351.

Thank you for taking the time to help us improve our service to you.

Barnard Noble
Alarm Number 3079
Serving 14

**DWM Work Order: 54959079**

Date Issued: 6/13/2014

**Work Completed** Today, one Panel Primary Alarm Control Panel, one Panel Backup Battery, one Strobe, one Siren, one Keypad, one Motion Detector, one Door Contact were replaced. Tested with City Monitoring Station. Left system in working order. Customer was instructed on the use of the system.

**Date of Service:** _____

On a scale of 1-5 with 5 being the highest, please rate the following based on your last service call:

| | Low | | | | High |
|---|---|---|---|---|---|
| Customer service representative courtesy | 1 | 2 | 3 | 4 | 5 |
| Customer service representatives knowledge | 1 | 2 | 3 | 4 | 5 |
| Promptness of the repair | 1 | 2 | 3 | 4 | 5 |
| The technician dealt with the situation in a timely manner | 1 | 2 | 3 | 4 | 5 |
| The technician left the work area clean and free of debris | 1 | 2 | 3 | 4 | 5 |
| Overall satisfaction with the service | 1 | 2 | 3 | 4 | 5 |

Any additional comments or concerns that you would like to share with us?

Various Oriel DC short arc lamps.

- **Brightest manufactured broadband sources**
- **Excellent UV VIS and all the way to NIR sources**
- **Small radiating arc makes these suitable as point sources or as collimated sources**
- **Xenon arc lamps closely match the sun's spectrum**
- **Ozone free models available for applications that do not require output below 260 nm**

Short arc lamps are the brightest manufactured sources of DC radiation. A large portion of their output is in the UV VIS which makes them useful for UV spectroscopy and UV photochemistry applications. Our DC xenon short arc lamps have a correlated color temperature close to that of the sun ~5800 K. Our mercury arc lamps emit intense ultraviolet and visible radiation with very strong UV lines.

The arc region between the anode and the cathode is so small that for many purposes these lamps are effectively point sources. These small, bright sources can produce high intensity collimated beams using an appropriate lens assemblies or be refocused onto fiber optic bundles.

We offer 50 to 1000 W mercury, xenon and mercury (xenon) arc lamps. For most models we carry ozone free versions, a safer alternative if you don't need output below 260 nm. Pages 1-46 to 1-53 show spectral irradiance curves for all our arc lamps. Page 1-68 lists the specifications and dimensional drawings.

## ARC LAMP CONSTRUCTION

Fig. 1 shows the construction of typical arc lamps. The anode and the cathode are sealed in a clear quartz envelope. Quartz is used for mechanical and thermal durability. The type of quartz used depends on the desired ultraviolet output. Some of our lamps use high quality UV grade quartz to transmit output to below 200 nm. Others used doped quartz which absorbs short wavelengths to minimize ozone generation. We call these our ozone free lamps.

The quartz bulb is carefully shaped to withstand the thermal gradients and shock inherent in running these lamps. The bulb has a small sealed-off tip.

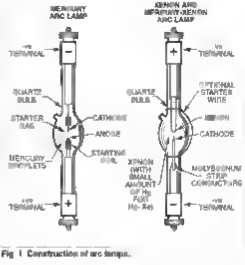

Fig. 1 Construction of arc lamps.

### Anode and Cathode

The anode and cathode are made of tungsten. The tungsten used in the cathode is doped with materials such as thoria to enhance electron emission. The cathode is small and pointed to ensure that the tip reaches a high temperature for efficient electron emission. The anode is more massive to withstand the electron bombardment and efficiently dissipate the heat produced. Mercury arc lamps have coils on one or both electrodes to help start the arc faster. The anode-cathode gap can be from 0.25 mm to several mm depending on lamp power rating.

### Fill

Arc lamps are filled with either rare gas at several atmospheres pressure or a little rare gas and an exact amount of mercury.

When the lamps run the internal pressure increases to 12 to 75 bar, depending on the lamp type. The high pressure demand special care in the handling and operation of these lamps. We talk about the Safety Considerations on page 1-87.

### Terminals

The two metal terminals at the ends of the lamp are for the electrical connections and mechanical support of the lamp. The terminals are connected to the electrodes by molybdenum foil strips inside the glass stem or for the higher current lamps, by tungsten rods.

*Pages 1-46 to 1-53 show the measured spectral irradiance of our arc lamps. To calculate the output power from an Oriel Source in lamp operated in an Oriel Housing, by an Oriel Power Supply, refer to pages 1-54 to 1-58 for formulas and examples. Pages 1-68 to 1-86 have dimensional drawings of all our arc lamps and a table of specifications.*

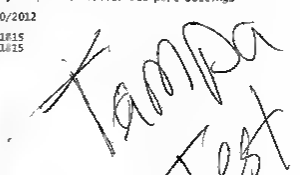
C:\Windows\system32\spool\DRIVERS\x64\3\delgltk.dat



1 * <Pushes for quick involvement > Comes on strong, claiming "I've never felt loved like this by anyone"

2 * <Jealous > Excessively possessive, calls constantly or visits unexpectedly, checks the mileage on your car

3 * <Controlling > Interrogates you intensely, keeps all the money, insists you ask permission

4 * <Unrealistic expectations > Expects you to be the perfect mate and meet his or her every need

5 * <Isolates > Tries to cut you off from family and friends, accuses people who are your supporters of "causing trouble"

6 * <Blames others for problems > It's always someone else's fault

7 * <Makes others responsible for his or her feelings > The abuser says "You make me angry" instead of "I am angry"

8 * <Hypersensitivity > Is easily insulted, claiming hurt feelings when he or she is really mad. Rants about injustice of things that are just a part of life

9 * <Cruelty > Kills or punishes animals brutally. Also expects children to do things that are far beyond their ability

10 * < Playful" use of force during sex > Enjoys throwing you down or holding you down against your will

11 * <Verbal abuse > Constantly criticizes or says blatantly cruel things, degrades, curses, calls you ugly names

12 * <Rigid gender roles > Expects you to serve, obey, stay at home

13 * <Sudden mood swings > Switches from sweet to violent in minutes

14 * <Past battering > Says you "made" him (or her) do it

15 * <Threats > Says things like "I'll break your neck" or "I'll kill you" and then dismisses them

Interpage INTERPAGE® NETWORK SERVICES INC.

Phone: +1 (650) 331-3900 • Fax: +1 (650) 292 1600 • www.interpage.net

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s)

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO-field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file
many other file types (PDF, XLS, PS, RTF, etc) are supported

Information regarding Interpage's fax services may be found at

**http://interpage.net/faxing** - Interpage Fax Services Overview
**http://interpage.net/outfax** - Interpage OutFax send-fax service
**http://interpage.net/secure** - Interpage OutFax Secure service
**http://interpage.net/faxup** - Interpage FaxUp fax receive service

..or contact us with questions about Interpage's fax services at:

Phone: +1 (650) 331-3900 9AM to 5.30 PM M-F Pacific Time
E-Mail: Insi support@interpage net
Web http://interpage net

Thank you for your Interest!

Notes 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit persons text text messages, only the above fixed sample message will be transmitted. You may establish a trial account for evaluative purposes by filling out the enclosed form on page 3 and clearly indicating a valid e-mail address and contact telephone number. Please call (510) 315-2750 for additional details.

2. This fax is not a solicitation nor is at an offer it was sent by a visitor to Interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two tests in a given week, however. If you find that someone is sending you faxes in a continuous and abusive manner please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

**Other Interpage Free service trials**

**Does your voicemail call you?**
Interpage VoiceMail will alert you before and after a caller leaves a message, send a WAV audio file of received messages to your phone or e-mail, and even call you and play the received message at one or more telephone numbers! For details, visit: **interpage net/voicemail**

**Multiply the value of your old pager!**
Like having a pager but need to receive messages on your cellphone or email as well? Want to have the same functionality as a pager on your cellphone without having to give out your cellphone number? Would you like to schedule and filter received pages and emails to multiple cellphones, pagers, and email accounts? Try Interpage's DirectPage service! For details, visit: **interpage.net/direct**

**Know for sure that urgent alerts are received!**
OutVoice text-to speech and WAV file telephone dialout/broadcast verbally notifies landlines and cellphones, and can prompt the recipient to confirm receipt so senders can be certain that alerts are received! For details, visit: **interpage net/outvoice**

This fax was sent with GFI FAXmaker fax server. For more information, visit: http://www.gfi.com

## Print Quality Check

Check that the dotted lines forming the four color blocks are all visible with no gaps. If OK select (Yes) on the control panel. If gaps are visible select (No) on the control panel to start the cleaning process and follow the prompts on the LCD.

This Brother Inkjet machine has been finely tuned to provide excellent, accurate and long lasting printed pages when using Genuine Brother Innobella(TM) ink.

The use of non-Brother inks in this machine may potentially result in inferior output quality and/or machine damage.

Any required repairs for damages proven to result from using non-Brother inks in this machine may not be covered by the original machine limited warranty.

We strongly suggest you use only Genuine Brother Innobella(TM) inks when it is time for you to replace the ink cartridge(s).

This is a test

To test the send functionality of your fax machine, send a message to 1-855-3[illegible] (Note: While it is free in the United States, when in international transit, long-distance rates may apply.) When it's in send transit, your fax browser will say "Fax File — Beautiful new way to dial and [illegible] to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a zoomed version.

Savings Made Simple

## Sam's Club Plus Membership Payroll Deduct Procedure for Hourly Associates Taking Leave of Absence

*If you are an hourly associate paying for your Sam's Plus membership through payroll deduction, there is important information that you need to know before taking a Leave of Absence*

Your Sam's Plus membership offers you many additional benefits such as.

- **Cash Rewards** Get $10 for every $500 in qualifying purchases in-club or online, up to $500 annually. Use for purchases, membership fee or redeem for cash
- **Pharmacy Discounts** At least 8% off brand, 40% off select generics
- **Early Shopping Hours** We'll open the doors for you at 7 am Monday – Saturday (hours vary by club)

To continue enjoying the benefits of a Sam s Plus membership and to reduce the risk of losing any Cash Rewards that have been accrued, simply pay for the full annual amount for your Sam s Plus membership prior to going on LOA.

You can visit the Member Services Desk at your nearest Sam s Club to pay the complete annual fee for your Sam's Plus membership in order to continue receiving these great benefits while you are on LOA.

If, however you decide not to pay your Sam s Plus membership before you go on LOA your Sam s Plus membership will be automatically downgraded to a Sam's Savings membership because you will not be receiving a paycheck while on leave

If you have any questions regarding this process or if you would like to know your Cash Rewards balance, you can speak with an associate at the Member Services Desk of your local Sam s club.

By signing this form, you acknowledge that you have read the above information and understand the process for maintaining your Sam s Club Plus membership while on LOA.

RETIRED HUSBAND

After I retired my wife insisted that I accompany her on her trips to Target Unfortunately like most men I found shopping boring and preferred to get in and get out Equally unfortunate, my wife is like most women - she loves to browse

Yesterday my dear wife received the following letter from the local Target

Dear Mrs Harris,

Over the past six months, your husband has caused quite a commotion in our store. We cannot tolerate this behavior and have been forced to ban both of you from the store

Our complaints against your husband Mr Harris are listed below and are documented by our video surveillance cameras

1 June 15 He took 24 boxes of condoms and randomly put them in other people's carts when they weren t looking

2 July 2. Set all the alarm clocks in House wares to go off at 5-minute intervals

3. July 7 He made a trail of tomato juice on the floor leading to the women s restroom

4 July 19 Walked up to an employee and told her in an official voice, Code 3 in Housewares Get on it right away This caused the employee to leave her assigned station and receive a reprimand from her Supervisor that in turn resulted with a union grievance causing management to lose time and costing the company money We don't have a Code 3

5 August 4 Went to the Service Desk and tried to put a bag of M&Ms on layaway

6 August 14 Moved a 'CAUTION - WET FLOOR' sign to a carpeted area

7 August 15 Set up a tent in the camping department and told the children shoppers he d invite them in if they would bring pillows and blankets from the bedding department to which twenty children obliged

8 August 23 When a clerk asked if they could help him he began crying and screamed, 'Why can t you people just leave me alone? EMTs were called

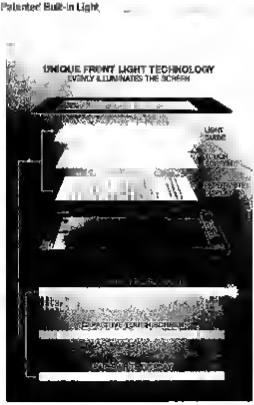
Read in Bright Sunlight with No Glare

Kindle Paperwhite has a matte screen that reflects light like ordinary paper so you can read as easily in bright sunlight as in your living room with no glare.

Read at Night

With Kindle Paperwhite, reading in bed just got better. The patented built-in light illuminates the screen, not the entire room, so you won't disturb your partner when you don't put your book down at night.

Patented Built-in Light



# Patented built-in light

## Designed for Reading

Unlike a backlit tablet display, Kindle Paperwhite guides light towards the surface of the ink display from above so that the light never shines directly towards your eyes, allowing you to read comfortably without eye strain. The built-in light illuminates the screen more evenly than a bedside light or lighted cover.

## Perfectly Balanced Whiteness

We worked on Kindle Paperwhite for over two years to perfect the uniformity of the built-in light, flattening out a fiber optic white dot, or sheet, and meticulously mixing and perfectly even distribution of light. Our design uses nanoscale optical diffusion patterns to evenly illuminate every pixel of the light. Enjoy reading with incredible lighting uniformity and evenly balanced whiteness across the entire display. See the screen looks in different reading conditions.

## Adjustable Brightness

Your eyes adapt to the amount of light around you, so you'll prefer dimmer light when reading in a dark setting and brighter light when reading in well-lit surroundings. Easily adjust the brightness of Kindle Paperwhite across a wide spectrum—from low light to high brightness—so you can read comfortably in any setting.

## Power Efficient

Because our patented technology enables fine-grain control over where the light is diffused, Kindle Paperwhite uses few power LEDs—requiring very little power to evenly illuminate the entire screen.

## Battery Life Comparisons

# Fax Answers

answers to your questions about faxing

« How to Stop Junk Faxes | Fax Numbering?
How Can I Test My Fax Machine?

## How Can I Test My Fax Machine?

*I just hooked up a new fax machine, and I'd like to test it, but to make sure it works, how can I do that?*

Presumably you would like to know how to verify that both the sending and receiving functions of the machine are working properly.

To test the send functionality of your fax machine, send a one-page fax to 425-950-2260 (let the number ring for about 45 seconds). When it is received successfully, you will receive a Fax Test e-mail with the fax displayed and available for download. If you don't receive the e-mail within 5 minutes, verify that you dialed the correct fax number. Check your fax machine's user's guide for instructions on how to send a fax.

To test the receive functionality of your fax machine, send a fax from your fax machine to FaxZero.com's fax number. You can send faxes to FaxZero from anywhere in the United States and Canada. Within a few minutes, you should receive the fax you sent FaxZero.com's fax number, specifically an e-mail containing the fax.

This entry was filed under Fax Questions.

19 October 2011

Dear Members

It is a requirement for each member of the Barbados Light Aeroplane Club to have their Club ID on their person upon entering the Club's compound. Any member who does not have an ID is kindly asked to contact Aseyln Williams in the office at telephone 420-4569 or e-mail b_lac_c@hotmail.com **no later than Friday 28 October 2011**

A representative from Productive Business Solutions has agreed to come to the Club to have photos taken. Therefore, we are asking a levy with outstanding balances to come in and settle these amounts as soon as possible. **Photos will be taken of fully paid up members only.**

Once we have established all the names, we will set a day preferably a Friday evening to have every one's photo taken.

We look forward to your cooperation in setting a standard for the Barbados Light Aeroplane Club. Let us work together.

Kindest regards

Ronald Wilkinson

# Target Selector™

## Method: Target Selector™ by Biocept

Positive and negative controls were run and reacted in an appropriate manner
The EGFR Mutation assay is a quantitative Real-Time PCR based mutant enrichment assay with selective blocking of EGFR wild-type amplification. The amplification products are purified and subject to sequencing to confirm the presence of the EGFR mutation. This assay analyzes for the following EGFR mutations: del 19, L858R and T790M. The assay has a specificity >99% and sensitivity >98% at 0.10% mutant allele frequency

---

**Your fax line has a weak signal.**

Please check the items below then rerun this test.

Other equipment sharing the fax line can reduce the signal strength. Disconnect any equipment which is sharing the fax line (including extension phones, answering machines, and dial up PC modems).

If you are using a splitter or some other device between the fax and the wall jack, remove it and connect the fax directly to the wall jack.

If the Fax Line Condition test still fails, contact your phone service provider to have the fax line checked.

Refer to your User Guide for more information on the fax test and settings

---

Instructions on how to rerun this test:
Step 1. Press the "Setup" button
Step 2. Press the "6" button
Step 3. Press the "5" button

SERVICE & SUPPORT

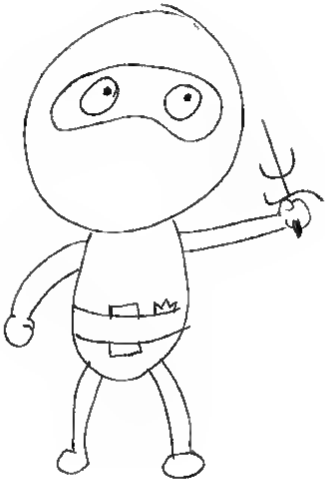
# Testing Your Fax Machine

After you have connected the fax machine to your telephone line, you can now test to see if is ready to send and receive faxes

**Here's how:**

1. Program your full 10-digit fax number into your fax machine
2. Send a test fax to 1-855-FX-CANON (1-855-392-2666)
3. Once our service receives your fax, a test page will be sent back to the fax number programmed into your machine. This process generally takes 2 to 3 minutes

Of course, should you need assistance setting up your fax or with any of the steps above, we are here to help. Please refer to our online Knowledge Base / FAQs, Contact Us by Phone or Send Us an Email.



Thanks for selecting Intrigue.com as your partner

External Serial Modems

Almost without exception  external serial faxmodems will work with HylaFAX.  External modems are nice because they generally have some type of display which indicates activity.  This can be useful when troubleshooting.  External modems use external power sources and rabling so it is important that they be located where they are not likely to be bumped or jostled.  Because the modem can be power-cycled independently there is some risk of the modem "losing" its initialization and staying uninitialized if care is not taken to address that scenario (usually by "writing" the initialized state to be used by default after a reset).  However  this also can be useful in that a hung modem may be power-cycled without rebooting the server.  Unless you are using external modems on a multiport serial card (you're using the system board's built-in serial ports)  and because HylaFAX's fairly continually accessed the modem (unable to share the IRQ) you are generally limited to a combination of only two external serial or internal ISA faxmodems.

Internal ISA Hardware (Jumpered or PnP) Modems

As with external serial modems  internal ISA hardware faxmodems work with HylaFAX almost without exception.  There have been a few of power or date rabies being jostled with internal modems.  But there are no lights to display.  Either  and power-cycling a hung modem or system reboot.  Because non-PnP hardware ISA modems use the same memory addresses and IRQs as external serial modems  the same limitation to only two applies.  However  if your system supports Plug-n-Play  then ISA hardware PnP faxmodems will likely work as well  and these PnP modems may provide a means to go beyond that limitation.  As routine when purchasing a new ISA system  since many new ISA modems are Windows-software driven and do not have a hardware serial controller.  Consequently it may not be able to be "spoken" to or nothing above.  US Robotics/3Com ISA Winmodems are a good example of what not to buy.

Welcome to

# Windows® Fax and Scan

[illegible]

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started

1. To open Windows Fax and Scan, click the Start button, click All Programs, click Windows Fax and Scan, and then click the program that you want to open.

   A shortcut to Windows Fax and Scan is also added to the Windows Sidebar. To open Windows Fax and Scan from the Windows Sidebar, click the Windows Fax and Scan shortcut.

2. On the toolbar, click **New Fax**.

   Follow the instructions in the New Fax Wizard to send a fax. You can also use the New Fax Wizard to send a fax from a scanner.

To learn more about Windows Fax and Scan, click the Start button, click Help and Support, type Windows Fax and Scan in the Search Help box, and then press ENTER. To learn more about a specific topic, click the Help button on the toolbar.

SCAN If you have installed a scanner or digital camera, you can use Windows Fax and Scan to scan documents or pictures. Before you scan, be sure to adjust your scan settings for better results. You can also preview and edit your scanned images before saving them.

To scan a picture

1. Ensure that your scanner or digital camera is turned on, and that it is working properly. If you have not already done so, install the software that came with your scanner or digital camera.
2. Place your document or picture in the scanner or digital camera.
3. On the toolbar, click **New Scan**.

   Follow the instructions in the New Scan Wizard to scan your document or picture.

To send a scanned document or picture as an e-mail attachment, click the Scan and Send in E-mail button in the New Scan Wizard. To learn more about scanning, click the Help button on the toolbar.

## UF-GUIDED TOUR ROUND TOP VOLCANOES

ghan W. Edwards
r, Regional Parks Botanic Garden

r, Sibley Volcanic Regional Preserve volcano, a ...ter volcanic extinct that was the nation 10 ...n years ago, of most of the lava that underlie ...ridge from Inspiration Point in Tilden Regional ...to Moraga. Round Top, one of the highest peaks ...Berkeley Hills, consists of large, massive ...ased volcanoes of the last eruptive volcanoes, ...) and tuffs (fine-grained volcanic ash—ash that has ...me stone) that once filled a caldera ...ough. Round Top was once the setting of a great ...ic lake, but not today because it was originally ...unded by mountains, (easily eroded) ...entary rocks of the Orinda Formation, which ...rounded away. During the past 10 million years ...erkeley Hills were uplifted on a gigantic scale ...ast of volcanism on the Hayward and Moraga faults. ...This uplift folded the rock formations, and ...ound Top was complete was sliced on its side,

Hanna, folding and erosion have exposed a cross section of a volcano, right down to its roots, providing an unsurpassed outdoor laboratory for the study of volcanism in the Central Coast Ranges.

The blocks of lava scattered everywhere around the flanks of Round Top are basalt-lava (a hard, dense, dark volcanic rock). Less than the water has been diced at UC Berkeley by the potassium-argon radioprocess dating method. The oldest is 10.3 million years old.

A great diversity of volcanic phenomena is prepared for study at Sibley Basaltic cinder (flecks of the vesicle), spherulites (ash containing a bubble of blocks and chunks of lava), lava flows, red-baked ...ature plus, pre-fall tuffs, and the major vent itself—an ...ll ice vent first found in the extent of an easy hike. Numbered posts, which correspond to the numbered descriptions below, have been placed at some of the most interesting outcrops.

**1** To visit the site, walk up the paved road on the ...BRIDLE water tank. A dark, basalt dike, an important feeder of lava on the crater vent through a sequence of tuff-breccias (greyish brown) and pebbly

mudstones (light gray), all visible and near the bottom of the crater. The mudstones erosion ponding of water. The cuff-breccias are the remains of landslides and blockfalls into the pit from the surrounding walls.

**2** This pit was made by quarry operations in which huge amounts of massive basalt lava were removed. The basalt is a tremendous boon in geology for the pit exposes the interior of the Round Top volcano. You are standing on basalt tuff-breccia, which filled much of the crater, settling at times into a mud lake. Bodies of sedimentary earth and earth suggest the crater was a little wider than the present quarry pit. The seam will across the pit consists of lava that capped the crater after it was filled. Basically the Round Top vent followed its basalt flows from this point, onto the view of Mt. Diablo, which, though a volcano, is now inactive volcano, visible, never was a volcano.

**3** The resistant exposed Orinda Formation river gravels, basalt, and formations. The red (when moist) streaks and layers in these river beds were caused by oxidation of iron in the sediments. Such varicolored "redbeds" are explored worldwide for the fossils of plants and animals they contain. Elsewhere in the Preserve, basalt of more volcanic red are found at the tops and bottoms of lava flows. In such cases iron was volcanic, and reddened by baking and steam around these basalt are called "clastic basalt." A related prismatic cutout when a brushing reddens rocks and soil. To see Post 4, walk about 50 feet past Post 3, then bear to the right.

**4** Before you is a well-sorted basalt on the left and Orinda sandstone on the right. The boarding in the sandstones

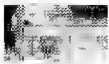
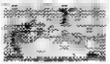
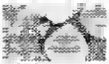
## How to get punched by a star







# 10 Secrets of a Hiring Manager by Allison Green

How would what we like to manage when we accomplished reasons, knowledge you, and maybe. Asking you one other we really. Holidays the confuse the hiring process? Maybe are reverse has most hiring manager clients.

Most interviewers aren't very good at interviewing. You might be going for a twenty-year something that your time when to have what helps doing, has to list, essay interviewer are management, and the, employment, or otherwise requires to conduct different interviews. Some of them were never screened. Most interviewers don't get good training on how to interview well, and a lot of them are winging it.

1. We want you to tell stood salary first for specific the resume you. Sites. Ability three candidates we determining and never something the job seekers interest they role how-to. Big interviews by running a number firm. And here exactly why employers you to conduct and a number. Gee. In an ideal world, employers would rewards for you know the troops. key jobs to pay her to make. career of how role alternatives of the games elements by making candidates talk twenty first.

2. We're being really friendly here so we want you to be your general shows. Good interviewers will do everything they can to put candidates at ease—partly to be nice, of course, but also because they want candidates to be their good shows. Not only do we want to know what you're like as someone to work with, but we also know that you're more likely to reveal something unflattering if you feel comfortable.

4. Fit really, really matters. You could have all the qualifications we employer is looking for, but if they decide that you wouldn't mesh well with the manager, team, or office culture, you're probably not getting the job. Employers won't just looking for specific skill sets, they're also looking for people who will also be similar regardless are a sense.

5. Saying you remain at another think two weeks when you're currently employed is a huge red flag. If you indicate that you'd have your job without giving your current employer proper notice, we'll take that as a sign that if we hire you, we'll be another putting out of that kind of trouble as an

6. Hiring managers always underestimate how long it will take to fill a position. They might tell you they'll be conducting interviews next week as an ideal to the end of the month, but delays are high that if it the longer than that. Therefore get checked by all kinds of things. Hiring priority work that it can't to unnecessarily, a decision-maker, who's busy as can rush a budget question that work. a be resolved, better they are under be late, a interest check process that takes longer than expected, you go forth.

7. Rejection letters are left unclearly again. Don't need anything from them. Most rejection letters are standard form letters that are sent—all rejected candidates, using the same language for everyone. Reading rejection letters rarely tells a hiring manager anything new. Even any "you were a strong candidate" or "your experience didn't fit our needs. The only real meaning a rejection letter has is "we've decided not to hire you." The exception to this is if the employer has asked an interview you need your a the letter.)

8. "Won't keep your resume on file" rarely means that your resume will be used for one of our other employer interview opening. Employers hang on to your resume because the two-minute time in our another pay resume to save the work time for candidates.

9. "We'll tell you" might mean, "you'll never hear from us again." It's interestingly common for employers to never get back to candidates after interviewing them. This is why good communicators, as noted as one office working additionally or been back, good hiring skills time—out of work as interview or even convinced in this is one you can. an unfortunately help—out colleges, one of minor behavior has become commonplace.

10. The way you approach your job hunt will affect how happy you are in your new job. If you are gloomy in and aggressive when you're turned of employed on the strength of your work qualifications, you're likely to end up with that somewhat has reverse that behavior rather than work. And then you'll be completely off to a unpleasant well talent all to make fantastic employers, remain without with the best work. Hiring managers want an expert of what they do and are rewarding a worth for don't need you to run some testing or gimmicks in order to make sure, because they know ultimately the best candidates for the jobs will run their own.

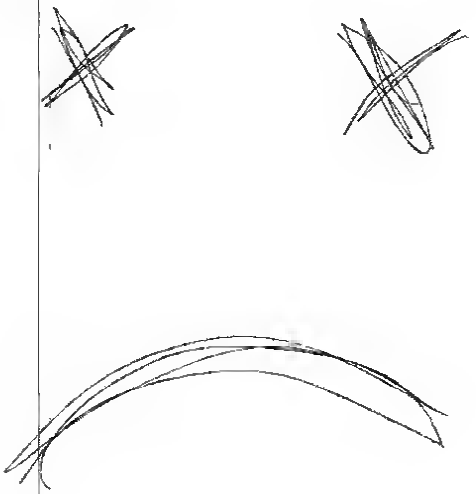
Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both

To test the send functionality of your fax machine, send a one-page fax to 1-888-877 1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully. It will automatically answer and spit out the test fax.



Nevrus Kaja
Recommendation Letter for the REU 2008

His outstanding research ability makes him different and natural researcher. I am quite surprised with his academic results and his ability to publish papers in international and domestic conferences as an undergraduate (although with limited support from the department because we do not have a big research budget in here). I am familiar with his research work on "Electronic Nose for Robots". Looking at his passion and technical knowledge, I truly believe that, Nevrus has a great potential on being a PhD student in the future as he has expressed his interest on the field.

To conclude I would say that it gives me an immense pleasure to recommend Nevrus in the REU program. He is one of the few students with amazing abilities who do not just share great academic excellence but also bond up with their fellow mates. Welcome any queries in this regard so please feel free to contact me if desired.

Sincerely,

**Herbert Kaufman, PhD**

Important: Please read this before using this service

Service Terms of Use

These Service Terms of Use (the "Terms") are a binding agreement between you and Canon Inc. ("Canon") which governs your use of the "Service" defined in Article 1 hereof.
You may agree to the Terms by choosing "Agree". Your use of the Service also shall be deemed as agreement to the Terms. If you do not agree to the Terms, you may not use the Service.
Canon reserves the right to modify the Terms at any time at its sole discretion. When the Terms are modified, Canon notifies you of such modification. If you do not agree to the modified Terms, you may not use the Service. Your continued use of the Service shall be deemed as agreement to such modifications.

1. Definition of the Service

The "Service" shall mean a service which provides users of printer through the Internet, with various convenience.
The Service enables you among other things, through the Internet, to print image or document file or other contents ("Content") posted on social networking service, image sharing service or other online service ("Linked Service") on your printer and to upload the Content scanned by your printer to the Linked Service.

2. Requirements to use the Service

2.1 Intended Age

The Service is intended for adult individuals. If you have not reached adult status in the country or region you are resident in, you should not use the Service.

2.2 Required Environments

Use of the Service requires (1) a printer applicable to the Service and (2) Internet access. Use a part of function of the Service requires personal computer or other device. The Service may be affected by the performance of these environments. You are responsible for preparing and maintaining such environments and bearing any and all costs associated with them.

2.3 Linked Service

Your access to the Linked Service for use of the Service may require the account for the Linked Service. You are responsible for acquiring such account and bearing any and all costs associated with the same. The Linked Service has its own terms of use which are applied to your use of the Linked Service.

3. Right to use the Service

Subject to your compliance with the Terms, Canon hereby grants you a limited, non-exclusive, non-transferable, royalty-free and revocable right to personally use the Service with a registration for the printer set forth in Article 4.1 hereof.

4. Printer Registration, Acquisition and Management of your Account

4.1 Printer Registration

If you use the Service, you must connect your printer through the Internet to Canon's server and register the printer to the Service in accordance with the procedure designated by Canon ("Printer Registration").

4.2 Acquisition of your Account

# Grimmway Farms Recipes

## Baked Tilapia with Arugula and Pecan Pesto

No Photo
Available

Baked Tilapia with Arugula and Pecan Pesto

Ingredients

- 2 garlic cloves minced
- 1 tbsp parmesan or romano cheese, grated
- 4 tilapia fillets
- 1/2 cup arugula
- sea salt to taste
- 1 dash lemon juice, fresh
- 1/2 tsp pepper, fresh ground
- 1/4 cup parmesan or romano cheese, grated
- 1/4 cup olive oil, extra virgin
- 1/2 cup pecans, chopped
- 3 cup(s) arugula

Instructions

1. Preheat oven to 400°F (200°C). Lightly grease a 9x13 baking pan.
2. Combine 3 cups arugula, garlic, pecans, olive oil, 1/4 cup parmesan or romano cheese, pepper and lemon juice in a blender and blend until it reaches the consistency of a pesto sauce.
3. Spread 1/2 cup arugula on the prepared baking pan. Place the tilapia fillets on the arugula. Spread the pesto generously on top of fillets. Sprinkle 1 tablespoon Parmesan or Romano cheese on the pesto.
4. Bake in preheated oven until fish flakes easily, about 20 minutes.

| 6 | 100Base-T4 |
| 7 | 100Base-TX – Half Duplex |
| 8 | 10Base-T – Full Duplex |
| 9 | 10Base-T – Half Duplex |

## 6 Summary

Avaya now encourages the use of either lock down or auto-negotiation. The customer must define their policy concerning Ethernet link settings. This paper serves as a starting point to make that decision, knowing the risks and advantages of all three policy choices for existing implementations as well as new implementations. Existing environments using lock down should not be changed to auto negotiation unless the customer desires an Ethernet link policy change. Otherwise there are no compelling functional benefits.

This paper attempts to state several major points.

- Both lock down and Auto Neg are acceptable for any 10/100 link providing that both ends of the link are administered using the same technology.
- Existing lock down environments should not be changed unless the customer desires it.
- Auto Negotiation is currently an industry best practice but does not have substantial benefit over a lock down link.
- The customer controls the decision to use lock down or Auto Neg and should understand the advantages and disadvantages of both technologies including using a mix of both methods in an environment.
- Gigabit Ethernet unlike 10/100 Ethernet was designed assuming Auto Neg would be used. Lock Down options may be available but are discouraged because they are vendor specific implementations.
- Auto Negotiation is a solid technology and works very well even between different vendors as long as the Ethernet devices adhere to clause 28 of the 1998 IEEE 802.3 standard. Older or non conforming switches may or may not present issues.

Quiz 10 pts Analyzing Cubic Polynomial

Name [illegible] Libet Taylor

#6) Given $f(x) = x^3 - 3x^2 - 9x + 4$

State $f'(x) = 3x^2 - 6x - 9 = 3(x^2 - 2x - 3) = 3(x-3)(x+1)$ $x=3, x=-1$

State $f''(x) = 6x - 6$

(a) Find intervals on which curve is rising / falling (show work)

| Interval | $x<-1$ | $-1<x<3$ | $x>3$ |
|---|---|---|---|
| Test Point | $-2$ | $0$ | $4$ |
| $f'(x)$ | $+$ | $-$ | $+$ |
| Concl. | increasing | decreasing | increasing |

Patient Name: npwfasdc

Patient DOB: 01-01-984

Medical Record Number: 142

Date Of Service: 07-24-2014

Procedure: Shockwave Lithotripsy

Surgeon: Cicilo Glacy, PA

Patient DOB: 01 01 984

Patient Name: npwfasdc

**Indications:**

npwfasdc is a 50 year old Female with a history of nephrolithiasis currently with a 0.6cm Upper pole renal stone. None Options for management were discussed with the patient. The risks, benefits, and complications for extracorporeal lithotripsy were discussed with the patient.

Risks including but not limited to fractures, bleeding, hematoma, residual stone, recurrent stone, stent/ureteral need for further or additional procedures were discussed with the patient and they have asked me to proceed.

**Procedure:**

After appropriate General anesthesia was administered, the patient was positioned supine on the lithotripsy table. The stones were localized under fluoroscopy in both coronal and anteroposterior views. A total of 253 were delivered to the 0.6 Upper pole, renal.

Shockwaves were delivered at a rate of 235 and 235. There was excellent fragmentation of the 0.6 Upper pole, renal. The patient was awakened from anesthesia and taken to the recovery room in stable condition.

**Disposition:** The patient is to follow up in 1 week.

# The Family–School Partnership Act

**What is the Family–School Partnership Act?**

The Family–School Partnership Act is a federal law that requires all public schools that receive federal funding to establish formal partnerships with parents and families. The law was passed in 2018 and went into effect for the 2019–2020 school year. It applies to all public schools, including charter schools, that receive federal funds.

**What are the main requirements of the law?**

The law requires schools to do the following:

- Develop a written family engagement policy that is created with input from parents and families.
- Hold at least two parent-teacher conferences per year, in addition to any other meetings that are scheduled.
- Provide parents with regular updates on their child's progress, including grades, attendance, and behavior.
- Offer parents opportunities to volunteer in the classroom or participate in school events.
- Provide parents with information about the curriculum and what their child is learning.
- Establish a parent advisory committee that meets at least four times per year.

**How does the law define "parent"?**

For the purposes of this law, a "parent" includes a biological parent, adoptive parent, foster parent, stepparent, legal guardian, or any other person who is legally responsible for a child's welfare. The law also requires schools to make reasonable efforts to engage both parents in a child's education, unless there is a court order or other legal document that limits one parent's rights.

**What happens if a school does not comply with the law?**

If a school is found to be in violation of the Family–School Partnership Act, it may lose a portion of its federal funding. The amount withheld depends on the severity of the violation and the number of students affected. For example, a school that fails to hold the required parent-teacher conferences may lose 5% of its federal funds, while a school that does not have a parent advisory committee may lose 10%. The law also allows parents to file complaints with the state education agency if they believe their school is not following the law.

**How can parents get involved?**

Parents can get involved in many ways, even if they work full time or have other responsibilities. Some schools offer flexible meeting times, such as evenings or weekends, and many allow parents to participate remotely. Parents can also join the parent advisory committee, which usually meets once a month. Contact your child's school to find out what opportunities are available.

**What resources are available to help parents?**

The U.S. Department of Education has created a website, www.familyschool.gov, with tips, templates, and videos for parents and schools. The site also includes a directory of local parent organizations in each state. Parents can also contact their state education agency for more information about the law and their rights.

**Faxing (Using the BizHub 684E)**

1. Use your arrow keys to enter the name or number you want to send the fax to.

2. Enter the fax number, if you have not already done so.

3. Touch **[Fax/Scan]** on the touch screen.

4. Select **Fax** on the touch screen.

5. Use the **Icon** on the touch screen to select the fax resolution (Standard or Detail) you want to send your fax at.

6. You must enter the 3 digit number (**866**) on the touch screen before the **blue** start button will work. Do you?
   You do not need to dial 9 or 1 to get out.

7. Press the **Start** key.

8. To cancel a fax before the fax has been sent press the **Reset** button on the touch screen and **[Fax/Scan]** button. The fax will not be sent.

9. Remember to **Access key** when you are done.

# Beer List for the 2000 UNYHA Ground Hog Dinner

E

**CB's Wee Heavy**

Crafted by Custom Brewcrafters, this beer is a traditional Scottish Wee Heavy style ale. This beer gets its distinct character from a majority of Pale malt with a touch of Aromatic and a whisper of Roasted malts with a special extended 2 hour boil to develop the color and flavor. *8.5 %alc/vol*

F

**Rohrbach's Pale Horizon**

Brewed by Rohrbachs this Pale Ale has a complex malt character in a nice long hoppy finish. A blend of six different American and English hop varieties make this one HOPPY experience. *5.3%alc/vol*

D

**Lowbridge Scottish Ale**

Brewed by Relyea/ Towpath Brewing has nice full body, sweet and malty this Scottish Ale is an exercise in malt. *7% alc/vol*

B

**Middle Ages IPA**

This beer is a true American IPA brewed with pale and crystal malts, its hop character comes from many additions of the American Cascade hop variety. It is fermented using the Ringwood strain of yeast which gives this beer a unique fruity character.

A

**Niagra Eisbock**

Following German tradition Niagara Brewing uses a unique brewing process where the beer is frozen to concentrate the flavor and body. This high alcohol beer is brewed only in the Winter season. Its complexity is full of malt sweetness balanced exquisitely by noble hops. *8%alc/vol*

C

**Winterfest**

This is a seasonal beer from Coors. *"Brewed once a year in celebration of the season"* this beer resembles the Octoberfest style beer. It starts out with hop bitterness up front with a pleasant malty sweet finish.

# Book Swap!!!

It's easy! It's fun! Clean out your children's bookshelves and closets of used paperbacks, comic books, picture books, hard covers and other books in good condition that children would enjoy.

Fill out the form below and send it along with the books to school with your child. Students in Kindergarten-3rd grade should bring their book to Ms. Buck's room (2nd grade) before or after school. Students in 4th-6th grade should bring their books to Mrs. Peterson's room (6th grade).

On Book Swap Day, your child may choose from the many books donated by other students. For each donated book, your child may choose another used book. Each child may exchange up to FIVE books. **The Book Swap will occur during the day on Friday, February 22nd.**

**Start bringing in your books on February 14! Books are DUE by Wednesday, February 20th.** Remember books need to be in good condition!!

EPSON
EXCEED YOUR VISION

# Congratulations, you have successfully installed your new EPSON printer!

Here are some tips for getting great prints:

- Genuine EPSON inks have been engineered to deliver stable, long lasting photographic quality when used with EPSON papers.
- To protect your photos, frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with EPSON printers and genuine EPSON ink.
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information.

## Drivers & Support

Downloads, FAQs,
Help and more

Get quick answers to your questions by going to **epson.com/support** and choosing your product. There you'll find FAQs, documentation, interactive troubleshooting guides, and an easy way to e-mail Epson.

"Sugar cookies on a stick! These cookies make great party favors or centerpiece bouquets.

2 2/3 cups shortening
1 1/3 cups white sugar
1-1/3 cups brown sugar
1-1/4 teaspoons vanilla
2-3/4 egg
5-1/3 cups all-purpose flour
1 1/4 teaspoons baking soda
1-[redacted] teaspoons salt

*You have scaled this recipe's ingredients to yield a new amount (64). The directions below still refer to the original recipe yield (24).*

Preheat oven to 350 degrees F (175 degrees C).

In a medium bowl, cream together the shortening, white sugar and brown sugar. Beat in the egg and vanilla. Combine the flour, baking soda and salt; stir into the creamed mixture. Roll the dough into walnut sized balls. Push craft sticks into the center of each ball. Place balls with sticks parallel to the cookie sheet, 3 inches apart onto an ungreased cookie sheet. Flatten them slightly using the bottom of a glass dipped in sugar. This is the time to decorate with sprinkles or colored sugar if you desire.

Bake for 8 to 10 minutes in the preheated oven. Allow cookies to cool on baking sheet for 5 minutes before removing to a wire rack to cool completely. When cookies are completely cool, wrap in plastic wrap and

# MSM Home Investors

## Real Estate Solutions Company

*MSM Home Investors* LLC is ST Charles premier real estate solution company located in Des Allemands, Louisiana. The company specializes in solving complicated real estate matters for people throughout the state. Buying a home can be exciting, stressful and puzzling all at once. After all you are making what's likely to be the largest purchase of your lifetime. And your home is not only a financial asset, it's a place for you to build your life and family. Here at MSM Home Investors our goal is to help members of our community have the opportunity to enjoy the benefits of owning a home! Whether you are in the market to buy your first home, upgrade to a larger home or purchase property as an investment, we will make the process as smooth and seamless as possible.

You see truth be told, all real estate investors are NOT the same. If you are a Rehabber, we locate and research the property. When you are purchasing a home you need a local investor in your corner who's working in your best interest. We believe that knowledge is what open doors. With our growing knowledge and expertise you can feel confident in all aspects of the home buying process from choosing the right neighborhood to evaluating property value. Please give us a call today at 985-306-9117 so we can discuss your wants and needs.

FARMERS
INSURANCE

4680 Wilshire Boulevard
Los Angeles, California 90010

Dear Business Owner,

On behalf of your Agent and Farmers® lawyers, we would like to thank you for making Farmers your insurer of choice. Farmers has provided protection for the American enterprise system for over 80 years. Our 20 to 30 financial strength and record of superior service to our customers are reasons that others in your area have chosen Farmers, making us one of the largest groups of insurers of businesses in the United States.

We have designed the enclosed policy for your type of business. Please review it carefully. Your Agent will be happy to answer any questions you may have regarding it. Your Agent can also help you with other business insurance needs including business continuation or key person insurance plus retirement planning and deferred compensation arrangements. We hope to be able to serve your business insurance needs for many years to come.

Interpage INTERPAGE NETWORK SERVICES INC.

Phone, +1 (510) 315 2750 • Fax: +1 (650) 292 1600 • www.interpage.net

*Hello!*

*This is a sample text file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!*

*This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).*

*If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.*

**This file is a sample MS Word file, many other file types are supported.**

*If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxUnlimited(sm) service with no-per or per-minute charges, please feel free to contact us at:*

*Phone:* +1 (510) 315-2750 9AM to 5.30 PM M-F Pacific Time

*E-Mail:* inst-support@interpage.net

*Web:* http://www.interpage.net

*Thank you for your interest!*

**Notes:** 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages; only the above fixed sample message will be transmitted. You may establish a trial account for evaluative purposes by filling out the form located at *https://www.interpage.net/cgi-bin/free-fax-trial.html*, omitting any billing information, and clearly indicating a valid *e-mail* address and contact telephone number. Please call (510) 315-2750 for additional details.

2. This fax is not a solicitation nor is it an offer; it was sent by a visitor to Interpage's web site who entered your destination number as a recipient of this out fax. A single destination may not receive more than two texts in a given week, however, if you find that someone is sending you faxes in a discriminate and abusive manner, please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

## LESSON ONE THE PURPOSE OF THIS SERIES

At the conclusion of these lessons, we do not expect every student to go down in history as a much applauded orator. It is not the purpose of this class to make preachers out of all who attend. It is hoped, however, that some will be encouraged and developed into better preachers of the Word of God. With others attending we hope to create within them a greater confidence when leading in prayer, making the announcements, presiding at the Lord's table, or any other public duty.

It could be said that this class has a two-fold purpose. (1) to prepare the man and (2) to help the prepared man to prepare his work.

Note carefully our specific goals:

1. To help you to learn to do in the work of the church that which you would like to do, but feel that you could never do. Work in this class will give you and others the opportunity to discover whether or not you have the ability to do that which you would like to do. It will help you to satisfy the desire which you have to do more in the work of the church.

2. To help you to do that which you are now doing but which you would like to be able to do better.

3. To help you to be prepared to do work in the church which you may never expect to do but which may be forced upon you some day through unexpected circumstances. You may find yourself in a small congregation where your leadership will be all that the congregation will have.

4. To help you to be prepared to recognize opportunities in the vineyard of the Lord which you may be overlooking daily. Training which you will receive in this class will help you to "be ready unto every good work" (Titus 3:1).

5. To help you to be convinced that you are neither too old nor too young to develop into greater usefulness in the church. In most cases it is not lack of ability or quantity of material which causes men and boys in the church to [illegible]

# GUIDE TO WRITING THE FINAL SCIENCE PROJECT REPORT

1 **Title**
For a science fair, a catchy, clever title is good, but make sure it accurately describes your project idea. For example, "Powerful Fruits" can be a title for a project studying which fruits best conduct electrical energy. You can also use your initial question as a title. For example, "Which kind of bread can grow molds the fastest?" Avoid unnecessary words while covering the essential purpose of the project. Whatever title you come up with, get it critiqued by friends, family, or teachers.

2 **Abstract**
Completely state your question.

3 **Hypothesis**
Completely state your hypothesis, which is your prediction on the answer to your question.

4 **Research or Background**
In this section, summarize any information that you have researched. If you are going to state references in your report, this is where most of the citations are likely to be, with the actual references listed at the end of the entire report in the form of a reference section. You can also explain why you are interested in the project, and restate the purpose of the project.

5 **Materials and Methods (Procedure)**
List the materials you used in your project and describe the procedure that you used to perform the project. It is best to list the procedure in a step-by-step format. If you have a photo or diagram of your project, this is a good place to include it.

6 **Data and Results**
The data are the actual numbers or observations you made. It is best to present this in a table and chart format (ex. bar chart or pie chart or line chart). Your results can also include some analysis, for example getting the averages of your numerical data. This can also be presented in a table and chart.

7 **Conclusion**
The Conclusion focuses on the Hypothesis or Question as it compares to the Data and Results. What was the answer to the question? Was the hypothesis supported or not supported? What did you find out from the experiment?

8 **Next Time**
You will have to explain ways in which the project might be improved or introduce new questions that have come up as a result of the project. This section is judged not only by what you were able to conclude, but also by your recognition of areas where you could not draw valid conclusions based on your data.

9 **References**
Here you will list your references for your research, which may be a book, article, website, etc. List the references alphabetically, and make sure you follow the correct format in citing references. See guide for citing references.

*Appearances Matter*
Neatness counts, spelling counts, grammar counts. Take the time to make the report look nice. Pay attention to margins (1 inch on each side), avoid fonts that are difficult to read or are too small or too large, use clean paper, and print the report clearly on as good a printer or copier as you can.

**All About Me Too**

**From:** "Tom Morsdon" <jtmorsdon@gmail.com>
**To:** "All About Me Too" <info@allaboutmetoo.com>
**Sent:** Tuesday, March 30, 2010 2:59 PM
**Subject:** Shadow Box order

Hi Cali,
My daughter just loved the shadow box you did for her. It was hanging within the hour of us giving it to her.
Three weeks later we were blessed with another grandson.
I am looking to order another shadow box for him.
The info is has follows:

| | |
|---|---|
| Name: | Jake William Morsdon |
| Weight: | 7lbs 13 oz |
| Height | 21 ½" long |
| Time | 6:08 PM |
| Date of Birth | March 12, 2010 |

Jake has a big sister, MacKenzie

I loved that you put "Love Grandma and Grandpa" on the last one.

If you need any further info please call or e-mail

Thanks so much. Pam

## The Original Starting Strength Novice Program

| Workout A | Workout B |
|---|---|
| 3x5 Squat | 3x5 Squat |
| 3x5 Bench Press | 3x5 Press |
| 1x5 Deadlift | 5x3 Power Clean |

**Workouts A and B alternate on 3 non-consecutive days per week**

## Practical Programming (2nd Ed) Novice Program

For the first few sessions

| Workout A | Workout B |
|---|---|
| 3x5 Squat | 3x5 Squat |
| 3x5 Press | 3x5 Bench Press |
| 1x5 Deadlift | 1x5 Deadlift |

Once the freshness of the deadlift has worn off a little and the deadlift is established well ahead of the squat the power clean can be introduced

| Workout A | Workout B |
|---|---|
| 3x5 Squat | 3x5 Squat |
| 3x5 Press | 3x5 Bench Press |
| 1x5 Deadlift | 5x3 Power Clean |

After the above is followed for a short time chin-ups and pull ups can be added along with back extensions or glute/ham raises for a break from pulling every workout

| Workout A | Workout B |
|---|---|
| 3x5 Squat | 3x5 Squat |
| 3x5 Press | 3x5 Bench Press |
| 1x5 Deadlift/3x3 Power Clean (Alternating) | 3x10 Back Extension |
| | 3xFailure(15 max)* Chin-ups/Pull-ups (alternating) |

Unweighted Chin-ups/Pull-ups are performed for three sets to failure or to a max of 15. Once 15 reps per set can be completed start adding weight

So a two week example of this last more complex version of the novice program using a Monday/Wednesday/Friday workout schedule would look like this

test text file

**Θεωρία για την αντίληψη των χρωμάτων**

r Η αντίληψη κάθε χρώματος είναι μια ανάμειξη των τριών στοιχειωδών χρωμάτων (κόκκινο πρασινο μπλε) Η θεωρία αυτή ονομάζεται τριχρωματική θεωρία των **Young Helmholtz** π χ το κίτρινο είναι συνδυασμός πράσινου - κόκκινου ανάμειξη των τριών χρωμάτων δίνει το λευκο ενω το μαυρο ειναι πλήρης απουσια χρωματος )

ι Μια αλλη θεωρία ειναι αυτη της αντιφωνικής επεξεργασίας του Hering ο οποίος αμφισβήτησε την προηγουμενη με το σκεπτικο ότι εάν το κίτρινο ήταν μεγμα κόκκινου πράσινου τότε τα άτομα με αχρωματοψία δε θα μπορούσαν να αναγνωρίζουν αυτα τα κιτρινα χρωμα πράγμα που αμως δεν ισχυει

Σύμφωνα με τον Hering υπαρχουν τρεις τυποι κυτταρων που μπορουν να δρουν ανταγωνιστικα μεταξύ τους

Κύτταρα τύπου 1 κόκκινο πράσινο

Κυτταρα τυπου 2: μπλε κιτρινο

Κυτταρα τυπου 3: λαμπροτητα - σκοτεινοτητα

**Young–Helmholtz theory**

The Young–Helmholtz theory (proposed in the 19th century by Thomas Young and Hermann von Helmholtz) is a theory of trichromatic color vision – the manner in which the photoreceptor cells in the eyes of humans and other primates work to enable color vision. In 1802 Young postulated the existence of three types of photoreceptors (now known as cone cells) in the eye each of which was sensitive to a particular range of visible light.

Hermann von Helmholtz developed the theory further in 1850 that the three types of cone photoreceptors could be classified as short preferring (blue) middle-preferring (green) and long preferring (red) according to their response to the wavelengths of light striking the retina The relative strengths of the signals detected by the three types of cones are interpreted by the brain as a visible color

For instance yellow light uses different proportions of red and green but little blue so any hue depends on a mix of all three cones for example a strong blue medium green and low red Moreover the intensity of colors can be changed without changing their hues since intensity depends on the frequency of discharge to the brain so a blue-green can be brightened but retain the same hue The system is not perfect as it does not distinguish yellow from a red-green mixture but can powerfully detect subtle environmental changes

| décimo(a) | *tenth* |

## Gramática

### Ser or Estar

Ser and estar both mean *to be*.

- Use ser to indicate origin.
- Use ser to describe personal traits and physical characteristics.
  Ser is also used to indicate professions.
  You also use ser to express possession and to give the time and the date.
- Use estar to indicate location.
- Estar is also used to describe conditions, both physical and emotional.

### Ordinal Numbers

When used with a noun, an **ordinal number** must agree in number and gender with that noun.

**Ordinals** are placed before nouns.

- **Primero** and **tercero** drop the **o** before a masculine singular noun.

# THE GIFT

**Donald Lawrence**
**Key of Eb**

**INTRO**
The gift it looks good on you (REPEAT 4XS)

**UNISON**
The system of the world
Will try to take your confidence
But these systems were designed to make you doubt what heaven sent

The systems of the world
Will try to take your confidence
But these systems were designed to make you sit down on your gift.

But the gift God gave to you, give it back to Him
When He sees it operating, it's a compliment to Him
But the gift God gave to you, give it back to Him
For the gift, it will make room, position for great men to see you.

**UNISON CHORUS**
The gift it looks good on you
It looks good on you
The gift it looks good on you
It looks good.

The gift it looks good on you
It looks good on you
The gift it looks good
And you were it well
God has graced you and you wear it well

**LEAD**
You wear it well, you wear it well
God has graced you and you wear it well
**CHOIR**
You wear it well

# Downloads Stack

Welcome to Mac OS X Leopard.

The Dock in Leopard has a sleek new look and a new feature called Stacks. With Stacks, you can quickly access frequently used files right from the Dock.

Stacks are simple to create. Just drag any folder to the right side of the Dock and it becomes a stack. Click a stack and it springs from the Dock in either a fan or a grid. To open a file in a stack, click the file once.

Mac OS X Leopard includes two premade stacks called Documents and Downloads. You opened this file from the Downloads stack. The Downloads stack captures all of your Internet downloads and puts them in a convenient location. Files you download in Safari, Mail, and iChat go right into the Downloads stack. When a file finishes downloading, the stack notifies you by bouncing and puts the new file right on top, so it's easy to find.

Documents Downloads

Stacks automatically display their contents in a fan or a grid based on the number of items in the stack. You can also view the stack as a list. If you prefer one style over the other, you can set the stack to always open in that style.

Stacks intelligently show the most relevant items first or you can set the sort order so that the items you care about most always appear at the top of the stack. To customize a stack, position the pointer over the stack icon and hold down the mouse button until a menu appears. Choose the settings you want from the menu.

To remove a file from a stack, just open the stack and drag the item out to where you want it. To delete a file, move it to the Trash. In fact, when you're done reading this document, feel free to throw it out.

EPSON
EXCEED YOUR VISION

# Congratulations, you have successfully installed your new EPSON printer!

Here are some tips for getting great prints:

- Genuine EPSON inks have been engineered to deliver stable, long-lasting photographic quality when used with EPSON papers.
- To protect your photos, frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with EPSON printers and genuine EPSON ink.
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information.

## Drivers & Support

Downloads, FAQs, Help, and more...

Get quick answers to your questions by going to **epson.com/support** and choosing your product. There you'll find FAQs, documentation, interactive troubleshooting guides, and an easy way to e-mail Epson.

| This authorization shall be valid for a period of two years from the sign date unless a lesser time frame is indicated. Alternate Expiration Date: | Name and Address of health care provider(s), company or individual authorized to release the requested information: (the most common will be completed by Aflac): |
|---|---|
| | |

**Purpose of Disclosure:** Evaluate claims for benefits during the time this authorization is valid.

I, as my authorized representative, request that information regarding my past, present, or future physical or mental health condition (including psychotherapy notes), employment, other insurance coverage, or any other material facts be released to **American Family Life Assurance Company of Columbus (Aflac)** or any person or entity acting on its part. This could include, but is not limited to, any medical professional, medical care institution, insurer (including Aflac, with respect to other Aflac coverages), reinsurer, governmental agency (including departments of public safety as if motor vehicles department,), consumer reporting agency or employer.

**I understand that:**

1. Protected health information may include information and records protected under Federal and State Law such as, alcohol or drug abuse, mental health, AIDS or HIV testing or treatment, or the presence of a communicable or noncommunicable disease.
2. My treatment, payment or eligibility for benefits may not be conditioned on signing this authorization.
3. I understand that I may revoke this authorization at any time by writing to **Aflac, Claims Department, Worldwide Headquarters, 1932 Wynnton Road, Columbus, GA 31999,** except to the extent that:
   a. Aflac has taken action in reliance to it the authorization; or
   b. Other law provides Aflac with the right to contest a claim under the policy or the policy itself.
4. If the requestor or receiver is not a health plan or health care provider, the released information may no longer be protected by federal privacy regulations and may be redisclosed.
5. It is recommended I retain a copy of this signed form for my records, understanding that a copy is as valid as the original.

# ASCII Code - The extended ASCII table

– **ASCII** stands for "American Standard Code for Information Interchange". It is a 7-bit character code where every single bit represents a unique character. On this webpage you will find 8-bit ASCII characters, commonly referred to as extended ASCII or high ASCII. Unlike standard ASCII characters, which are overall the same, extended ASCII characters may differ between computers, operating systems, and programs because they are not part of any standard.

The Fund Office will notify you in writing

1. when Part 1 of the Pension Application is complete;
2. if you are not eligible for a pension benefit; or
3. if additional items are needed to complete Part 1 of the Pension Application. If you do not provide the additional requested items within 60 days of the date of the Fund's request, your application will expire and you will need to begin the application process again by completing and returning a new Preliminary Information form

**Part 2 The Choice of Benefit Payment Option form**

After the Fund Office has received your complete Preliminary Information form, including all required documents, the Fund Office will begin the work necessary to send you Part 2 of the Pension Application. Part 2 consists of:

- a "Choice of Benefit Payment Option" form for you to choose how your pension benefit will be paid,
- an explanation of the benefit payment options,
- an explanation of your Spouse's rights with respect to the available benefit payment options and the financial effect of waiving the normal form of benefit payment, and
- your earliest Pension Effective Date.

***You must return a fully completed Part 2 of the Pension Application (Choice of Benefit Payment Option form and spousal consent form, if required) before your actual Pension Effective Date can be determined.***

**Your Pension Effective Date**

Your Pension Effective Date is the first day of the first month for which you receive a pension benefit.

- Your earliest Pension Effective Date is the first day of the first month following the month in which the Fund Office receives from you a complete Part 2 of the Pension Application (Choice of Benefit Payment Option form and spousal consent form, if required) if these forms are received at the Fund Office *on or before the 15th day of the month*. If the forms are received at the Fund Office *after the 15th day of the month*, your Pension Effective Date is the first day of the second month following the Fund Office's receipt of your forms.
- You may choose a later Pension Effective Date
- Your Pension Effective Date will not change if there is an administrative delay in processing your benefits. In that case, you will receive benefits retroactive to your Pension Effective Date.

If your Pension Effective Date would be more than 180 days after you were provided with Part 2 of the Pension Application, then your application will expire, and you will need to begin the application process again by completing and returning a new Part 1 of the Pension Application.

**Short Personality Test**

*The following is pretty neat, fun, and very accurate. And it only takes 2 minutes. Don't peek but begin the test as you scroll down and answer. Answers are for who you are now — not who you were in the past.*

*Have pen or pencil and paper ready. This is a real test given by the Human Relations Dept at many of the major corporations today. It helps them get better insight concerning their employees and prospective employees.*

It's only 10 simple questions, so .. grab a pencil and paper keeping track of your letter answers. Ready?? Begin..

1. **When do you feel your best?**
   a) in the morning
   b) during the afternoon & and early evening
   c) late at night

2. **You usually walk**
   a) fairly fast with long steps
   b) fairly fast, with little steps
   c) less fast head up looking the world in the face
   d) less fast, head down
   e) very slowly

3. **When talking to people you**
   a) stand with your arms folded
   b) have your hands clasped
   c) have one or both your hands on your hips
   d) touch or push the person to whom you are talking
   e) play with your ear touch your chin, or smooth your hair

4. **When relaxing, you sit with**
   a) your knees bent with your legs neatly side by side
   b) your legs crossed
   c) your legs stretched out or straight
   d) one leg curled under you

5. **When something really amuses you, you react with**
   a) a big, appreciative laugh
   b) a laugh, but not a loud one
   c) a quiet chuckle
   d) a sheepish smile

6. **When you go to a party or social gathering. Do you ..**
   a) make a loud entrance so everyone notices you
   b) make a quiet entrance looking around for someone you know
   c) make the quietest entrance, trying to stay unnoticed

7 **You're working very hard, concentrating hard, and you're interrupted. Do you**

KT09102 1995 5-2004 Toyota Tacoma 2 ½ Lift Kit With 6 Lug 2WD/4WD

CAUTION: BEFORE BEGINNING INSTALLATION, READ INSTRUCTIONS CAREFULLY AND COMPLETELY

1. Park vehicle on a level work area and set emergency brake. Block front tires and lift the rear of the vehicle until the wheels clear the ground approximately 3". Place jack stands under frame rail behind inner spring perch. Lower vehicle onto jack stands with axle supported by rear jack.
2. Carefully remove upper and lower spring shackle mounting hardware and left and right shackle plates. Lower axle carefully until wheels touch the ground.
3. Carefully remove the existing rubber and metal outer shell. The spring eyes have a rubber bushing that is molded into an outer shell. This needs to be removed and it may take force to remove it. It is recommended that you have an experienced mechanic perform this operation.
4. Clean the I.D. of the spring eye and the frame with a wire brush or sand paper. Install the new bushings into the frame and the spring eye.
5. Install the new the axle onto the frame with the small opening first. Insert the 5" bolt and start the nut. Carefully raise the axle so that the large opening of the axle lines up with the spring eye. Insert the 8" bolt and tighten nuts 35-9 lbs.
6. Generously grease the Zerk fittings with Daystar Lubrishave Poly Lube or Teflon based grease. DO NOT USE OIL BASED GREASE!
7. Raise the vehicle and remove the jack stands. RE-TORQUE THE SHACKLE BOLTS AFTER 500 MILES.
8. Remove the rear rubber exhaust hanger and lower the exhaust bracket down 1 hole. Some trimming may be required. Install the supplied new exhaust hanger. This is so that the exhaust won't rub on the bottom of the rear leaf spring.

## WARNING

**This vehicle has been modified to enhance its performance. The steering, braking and handling of this vehicle will differ from standard passenger cars and trucks. This vehicle handles differently than an ordinary vehicle in driving conditions which may occur on streets, highways and off road. Avoid unnecessary abrupt maneuvers, sudden stops, sharp turns and other driving conditions that could cause loss of control, possibly leading to a roll over or other accident that could result in serious injury or death to driver and passengers. If larger tires are installed the speedometer will read lower than the vehicles actual speed.**

**DRIVE WITH CARE, REDUCE SPEED AND WEAR SEAT BELTS AT ALL TIMES.**

***This kit should be installed by a professional mechanic***

# Government Gridlock Then and Now: Are We More Divided Than in the Past?

SUMMARY

Pete explains that Americans are unhappy with what's being done (or not done) in Washington. Jeffrey Brown sat down with Beverly Gage of Yale University, former Senate historian Richard Baker and Richard Norton Smith of George Mason University to get some historical perspective on gridlock in America's political parties.

Like 10 Share

Go Comments Listen Mp3

## Transcript

**JEFFREY BROWN:** And now the problem of governing in America today.

These days, it's unusual for a politician to find anyone who's happy with Washington, and politicians themselves regularly air their frustrations. We begin our series of conversations examining and disentangling what's gone historical perspective.

Beverly Gage of Yale University, former Senate historian Richard Baker, co-author of the new book "The American Senate," and Richard Norton Smith of George Mason University welcome all three.

**RICHARD NORTON SMITH:** George Mason University. Thank you.

**JEFFREY BROWN:** Beverly, start us off here. In your historian's hat, what do you see going on in Washington today? How would you describe it?

**BEVERLY GAGE,** Yale University: Well, I think some of what's going on in Washington at the moment is stuff we have seen before in the past.

PBS Privacy Options Ways to Fix Washington

We tend to romanticize past periods as being cooperative, beautiful periods of compromise.

**JEFFREY BROWN:** Everybody worked hand-in-hand, right?

**BEVERLY GAGE:** We look back on the Institute were passed and think they were the right laws for the right moment, and, in fact, it's always been very, very messy.

That said, I do think that we are seeing a particular level of dysfunction that is different from what they have seen before and in many ways in a little bit more extreme.

**JEFFREY BROWN:** All right, we will pick that up.

But first Richard Baker, in your book, you looked at and one institution where you see for many, many years, right, the Senate. Do you see a clear evolution, devolution? What have you seen happen?

**RICHARD BAKER,** author: All of it, everything.

**JEFFREY BROWN:** All of it?

**RICHARD BAKER:** You pick out where you want it.

There have been times of great committee bashfeelings, and then times when they thought they were really going to pull themselves out of the hole and pass some reform legislation and move on into the future.

One of the most pivotal times was in the mid-1970s. The Senate, maybe coming out of the Nixon era, passed some fairly significant legislation, war powers legislation, budget legislation, and also reorganized how committees so that every member of a committee could have his or her own staff member.

Well, what did that do to the committees? That immediately fragmented the committees which used to be these centers of great power in the Senate. Now we're in an era where the power rests with the floor leaders and not the committee chairmen. So, it's a different time.

**JEFFREY BROWN:** And, Lloyd, we have talked many times about the evolution of the presidency vis-a-vis Congress, right? So, where do you see us now?

**RICHARD NORTON SMITH:** Well, you know, it's funny.

## Fax Settings

Reference your Owner's Manual for help, adjusting the settings below

| | |
|---|---|
| ECM (error correction mode) | Off |
| Baud Rate | 14400 |
| International | On (this is set on a per-call basis) |
| Resolution | Standard |
| Answer Mode | Fax Only |
| Rings to Answer | Zero (0) |
| Call Waiting | Off |
| Bandwidth Saver | High (90 kbps) |
| Distinctive Ring | Off |

## Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 30 seconds.
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device bypassing any home wiring
- If using an All-In-One device, temporarily disconnect device from PC

## Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help

Call us at 1 VONAGE HELP (1-866-243-4357) or visit **www.vonage.com**

# Ramblings of a Retired Mind

1. Employment applications always ask "who is to be contacted in case of an emergency." I think you should write down, "a good doctor!"

2. Sadly, I have gotten the dreaded "furniture disease". That's when your chest is falling into your drawers!"

3. When people see a cat's litter box, they always say, "Oh, have you got a cat?" Just once I want say, "No, it's for company!"

4. Wives should put pictures of missing husbands on beer cans ... that's assuming they want him back.

5. If you're on a fixed income and can't afford one of those trendy cell phones everyone else has clipped on, just do what I do: clip your garage door opener on your shirt pocket.

This is NOT a test -- Just the FAX, ma'am! No trees were harmed in creating this FAX

Hi Brandon

We were hoping to have an in-person discussion with you about a few IT issues that we've been thinking about. Could you check out the list and see when you would be able to come in? Some of the issues would be big changes for us, so we were hoping to get your expertise during an in person discussion. Let me know if you have any questions.

Thanks,

David

- Changing our URL from investorrelations.com to another web address
- Changing our email address extensions
- Potentially moving to Skype or Business for our phone system
- Security for Maureen's laptop
- Getting a backup internet line
- Solving the fax issue. The current solution does not allow us to confirm if a fax has been sent or received
- Overall cybersecurity. Are we as safe as we can be?
- Instant Messaging. Are our IMs being saved somewhere?

## WXY

CONTENT SOLUTIONS FOR BUSINESS

[illegible] in 2[illegible], with over 15 years in [illegible] WXY delivers [illegible] reserved webcast and rich media video solutions to [illegible] that include professional and financial services firms, high tech companies [illegible].

## OUR 30-MINUTE MEETING AGENDA

1. Introductions
2. Your organization's communication goals and how webcasting can help
3. Our all-inclusive turnkey "no-worries" solutions to webcasting your internal and external stakeholder events
4. Budget outline, deliverables and potential ROI
5. Next steps

# WEBCASTING POP QUIZ

| | | T | F |
|---|---|---|---|
| 1. | AUDIENCES PREFER TO ATTEND EVENTS IN-PERSON — RESULTING IN BETTER ATTENDANCE, MORE ONE-ON-ONE CONTACTS AND FUTURE ENGAGEMENTS | | |
| 2. | WEBCASTING AUDIENCES CANNOT ASK QUESTIONS. DISCUSS POINTS RAISED ON PLAY AN ACTIVE ROLE IN THE EVENT | | |
| 3. | VIDEO WEBCASTING IS TOO EXPENSIVE AND COMPLEX, AND LACKS ENTERPRISE LEVEL SECURITY MEASURES | | |
| 4. | THERE IS NO WAY TO RELIABLY MEASURE THE VALUE OR RETURN-ON-INVESTMENT, NOR GENERATE LEADS OR OUTCOMES WHEN USING VIDEO WEBCASTING | | |

ANSWERS

1. FALSE. Webcasting delivers the same benefits as in-person events, but at a fraction of the cost. Attendance is higher, and you can measure ROI.
2. FALSE. Not all webcasting is the same. Online events can be as interactive as you want them to be.
3. FALSE. With the cost of webcasting significantly reduced, online events are now affordable for companies of all sizes.
4. FALSE. Online webcasting platforms provide detailed reports on attendance, viewing habits and more.

## Webcasting Ideas and Opportunities

**Live Webcasts & Webinars**
Small- and mid-sized [illegible] ideally suited to webcasting. Broadcast to everywhere from anywhere.

**On Demand Videos**
Webcasts Q&As, clips and on-demand versions of events add to your archive.

**Meetings & Townhalls**
Simultaneously broadcast participation in important [illegible] right to the PC desktop.

**Webcasts & News Reports**
Turn your one-way internal programs or weekly reports into [illegible] that allow you to tell your story your way.

## Let's talk about your webcasting opportunities

To set up an in-person or telephone chat, please call or email

Jun 1, 2015

Code listing 5.5: /etc/portage/package.use for xpdf

```
dev-tex/xpdf  cjk
```

You can of course also explicitly specify USE flags for a single application. For instance, if you don't want Java support in Perl:

Code listing 5.6: /etc/portage/package.use for xemacs

```
dev-lang/perl -java
```

### Emerge applies the USE flags

Remember you need to set a certain USE setting only once, instead of adding /etc/make.conf lines on to put individual USE settings, you don't just declare the USE settings as per-recorded dictated -- emerge does that, when you re-emerge or update the application (after settings or an part of a system update) your settings will be used.

As an example we will temporarily remove Java from the USE settings using the definition of package-use

Code listing 5.6: Emerge KDE as recommended globally

```
# emerge -pv kde
```

### Dependencies

If viewing from is a certain specification on what setting has access over the USE setting. You don't need to specify -java only in case that Java is USE when how is a system that has a higher setting. The precedence for the USE system is, example in priority (from top lowest priority)

1. System USE setting declared in the make.defaults files part of your profile
2. User-defined USE setting in /etc/make.conf
3. User-entered USE setting in /etc/portage/package.use
4. User-defined USE setting on environment defined

To package find USE system details by Portage, the emerge --info. They will list all relevant variable including the find manually with the records used by Portage.

Code listing 5.7: emerge --info

```
# emerge --info
```

### Adapting your Stable System by New USE Flags

If you have chosen your USE flags and you wish to rebuild your whole system to use the new USE flags, use emerge's --newuse option.

Code listing 5.7: Updating your entire system

```
# emerge --update --deep --newuse world
```

Next, run Portage's depclean by remove the conditional dependencies and code dumped on your "old" system but that immediate dismissed by the new USE flags.

Warning: Running emerge --depclean is dismissed entirely. One should be invoked the one, unmanaged by example by of dismissed packages in some case it doesn't remove packages you need, in the example, portage as per the -p switch to how example only on the packages without example them.

Code listing 5.8: dismissed dismissed packages

```
# emerge -p --depclean
```

When dependent has finished, run revdep-rebuild to rebuild the applications that are applications. Enter option stored object packages by possibly removed packages. revdep-rebuild is part of the gentoolkit USE package, don't forget to compile it first.

Code listing 5.9: revdep-rebuild

```
# revdep-rebuild
```

When go you is successfully, your system is using the new USE flag settings.

## 5.c. Package specific USE flags

### Viewing available USE flags

Let us find the example is separately what USE flags there is then we'll find out, we use emerge with the --pretend (-p) and --verbose (-v) options.

Code listing 5.1: Available Portage USE flags

```
# emerge --pretend --verbose blueplate
These ebs the packages that would be merged, in order:

Calculating dependencies... done!
[ebuild  N  ] x-server/xfree-4.3.0-r2  USE="-3dfx -3dnow -bindist -dmx
-doc -font-server -fortify -ipv6 -nptl -nptlonly -pam -sdl -static -xprint
-xv -xvmc" 0 kB

Total: 1 package (1 reinstall), Size of downloads: 0 kB
```

emerge find the only tool for this job. In that we have a used dismissed in package, emerge asked again which defined in the gentoolkit package. First, install gentoolkit:

Code listing 5.2: Gentoolkit installation

EPSON
EXCEED YOUR VISION

FAX TEST

# Congratulations, you have successfully installed your new EPSON printer!

Here are some tips for getting great prints.

- Genuine EPSON inks have been engineered to deliver stable, long-lasting photographic quality when used with EPSON papers.
- To protect your photos, frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with EPSON printers and genuine EPSON ink.
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information.

## Drivers & Support

Downloads, FAQs, Help, and more ...

Get quick answers to your questions by going to **epson.com/support** and choosing your product. There you'll find FAQs, documentation, interactive troubleshooting guides, and an easy way to e-mail Epson.

Share High-Speed Internet Access

# with or without wires

MR814

N E T G E A R ® MR814 Cable/DSL Wireless Router with 4-port switch and access point offers the easiest way to share and network your high-speed DSL/cable modem Internet connection, either with or without wires. This high-performance IEEE 802.11b standards-based router connects all of your PCs equipped with a wireless PC card, adapter, or integrated 4-port switch to connects your devices that need Ethernet wiring. The integrated Web-based content filtering and alerts allow you to restrict Internet access based upon web addresses, web address keywords or the time of day and protect your family or business with a state-of-the-art firewall. Network Address Translation (NAT) and VPN pass-through provides your network with protection from hackers. Simple, Web-based installation gets your PC network up and running in less than an hour. With the MR814 reliability you can rest assured that your network will stay up and running, backed by the NETGEAR 5-year warranty.

Allows you to share access to your Cable/DSL modem or to an existing network hub or router with a wireless PC card, adapter, or integrated 4-port switch.

MR814 is easy to set up and operate. Simply connect the Internet port of the MR814 to your cable or DSL modem, and connect your computers to the 4-port switch or wirelessly to the MR814's access point. Configuration is easy with the Web-based setup wizard.

NAT security and VPN pass-through features give you a greater level of protection against hacker attacks. 64-bit and 128-bit WEP encryption guard your wireless network for maximum privacy.

Stay in control of your network by setting up to 10 Web addresses and keywords that you want to block. Schedule when Internet access is allowed or blocked. Receive e-mail alerts when someone tries to access restricted sites.

Dear Hiring Manager

I am writing in response to the IT Support Technician position posted on the RAILS website

My background is 19 years in Retail Sales, Operations, Customer Service and PC Repair Technician roles exclusively for the larger big box retail consumer electronics stores. My core experience has been working primarily in person with customers in Retail Floor Sales and Customer Service roles and to a lesser extent in Computer Technician roles in the larger retail stores such as Service Merchandise, the old CompUSA, Best Buy and Circuit City. I also have experience in Inside B2B Sales at Allstate and Verizon Business. I have excellent customer service and communication skills from many years of interacting with various types of customers on the sales floor. I have a solid computer background with strong experience in Microsoft Windows operating systems and Microsoft Office productivity suites. I can easily learn new software, technologies and different methodologies when dealing with computers and technology as a whole.

My organized nature and personable attitude make me a great candidate for this position. I take ownership of tasks quickly. I am a creative problem solver and am adaptable to new challenges as they arise. In these various roles, my strong interpersonal and communication skills have allowed me to efficiently manage a large number and variety of tasks. In addition, I am a great listener who is empathetic and dedicated to providing outstanding service.

I am certain this my resume will give you a greater understanding of my qualifications for this exciting opportunity. I would welcome the chance to further discuss how my background and diverse experience will be an asset to your organization. Please feel free to contact me by phone or email at your earliest convenience.

Thank you in advance for your time and consideration.

Sincerely,

Joe Kaminski

- The metal rotor head cut by CNC designed without flybar, balance bar prevent head still linked with rotary ring movement.
- Brushless motor ensures the safety of power and offers smart control feeling.
- The usage of flybarless balance electronic system can automatically amend the flight status and control the sensitivity of flybar system, but of much agile 3D performance.
- WK-2601 PRO, based on the variable of his hand-feel, the pilot can make a customizable adjustment to the parameters of function curves to help him represent a perfect 3D flight

## ★ Specification:

- Main Rotor Diameter: 302 mm
- Tail Rotor Diameter: 85 mm
- Overall Length: 380 mm
- All-up Weight: 89g (Battery Included)
- Battery: 3.7V 600mAh Li-Po
- ESC: WK WST-8A-L3
- Brushless Motor: WK WST-12-300
- Receiver: RX-2610V

# Gingrich Campaign Faces Tight Budget

Annapolis, Md. -- Intent on taking his campaign all the way to the Republican National Convention in Tampa this summer, Newt Gingrich indicated to reporters Tuesday that his staff is reorganizing to adjust to tough financial realities but said he has enough money to stay in the race

## Sunshine in a Pill: Make Sure You Are Getting Enough Vitamin D this Winter

The year 2008 was one of disappointment for vitamin supplements. Study after study failed to show any benefit from taking vitamin supplements. In fact, some studies even showed that vitamins, applied in large doses especially, could do you more harm than good.

But there was one notable exception—vitamin D. Vitamin D has long been recognized as vital to bone health and helpful in body absorption. But a number of new research studies link low levels of vitamin D individually to higher incidences of a wide range of conditions, including cancer of breast, colon, and prostate, heart disease, depression, chronic pain, diabetes, high blood pressure, the Parkinson's disease, and physical weakness in old age.

The studies do not, however, definitively prove that vitamin D deficiency is the cause of these diseases. It's quite possible that whatever causes any one disease, at the same time causes depletion of vitamin D levels in the blood.

Nevertheless, many experts are convinced that current recommended levels of vitamin D are set too low and that increasing vitamin D intake could help you fend off many of the above diseases.

### The Recommended Levels

The current guidelines are 200 IU (International Units) for adults 19-50 years of age, 400 IU for adults 51-70 years of age, and 600 IU thereafter. The guidelines also set a tolerable Upper Intake Level of 2000 IU. This is the level beyond which vitamin D could actually turn harmful.

Recent studies in the field of vitamin D research recommend that the daily required intake be upped to 1,000 IU for all adults. Some even recommend that it be upped to 2,000 IU daily and that the Tolerable Upper Intake Level be raised to 10,000 IU.

### Sources of Vitamin D

Staying with the more conservative figure of 1000 IU, a figure also recommended by the Canadian Cancer Society, the best ways to obtain this amount of vitamin D? There are three sources:

- Sunshine. Vitamin D is unique in that it can be produced by your body by exposure to sunshine. All it takes is about 15 minutes of exposure several times a week, well within almost any day's time of day when UV levels are moderately high. UV radiation is essential for manufacture of vitamin D. This is a practical solution during the summer but not during the winter.
- Food. The major food source of vitamin D is fortified milk, which contains 100 IU per cup. Fatty fish such as salmon are also rich in vitamin D. It's, however, practically impossible to meet your vitamin D requirement from food alone.

TEST

GHG

offerings, black magic, and the walking dead suggest that Voodoo Village is ripe with supernatural activity.

**Woodruff Fontaine House:**

There is one room in this historic home that is purported to be haunted. Molly Woodruff Henning is said to inhabit The Rose Room, though she occasionally wanders throughout the rest of the house. A seemingly friendly spirit, Molly reportedly once instructed museum staff on the correct placement of the furniture in her former bedroom.

**More Memphis Ghosts:**

These are just a few of the many spirits that reportedly dwell among us in the Mid-South. If you would like to go in search of these or other ghosts, be sure to check out these from the Memphis - Mid South Ghost Hunters.

If you manage to encounter any local spirits, we would love to hear about it! Send ghostly stories and pictures to:

Hello World!

# Fax Answers

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

## How Can I Test My Fax Machine?

*I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?*

**MyFax - Internet Fax**
Send/Receive Fax Anytime Anywhere. No setup or hidden fees Free Trial
www.MyFax.com/Free-Fax-Trial

**Send a Fax Online**
No fax machine necessary Send faxes via the Internet. Try today

Ads by Google

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

**To test the send functionality of your fax machine,** send a one-page fax to 1-510-545-0990 (a number in Northern California.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

**To test the receive functionality of your fax machine,** point your web browser to FaxZero: this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

# Love, the Only Place God is Found

4/26 1998

Sunday Night, April 26, 1998

"If I could speak in any language in heaven or on earth, but I didn't love others, it would be like making meaningless noise, like a loud gong or clanging cymbal. If I had the gift of prophecy and I knew all the mysteries of the future and knew everything about everything, but didn't love others, what good would it be? And if I had the gift of faith so that I could speak to a mountain and make it move, without love I would be nothing at all. I could give away everything I have to the poor and even sacrifice my body to be burned, but if I don't love others I would be of no value whatsoever" (1 Corinthians 13).

The beginning of this thing we call a "chapter" in Paul's letters is really clear about one fact: loving others is not an additional thing that we do alongside the other important works, such as conquering the world for Christ, throwing mountains into the sea, healing the sick, and all these other things. It's not an additional thing. It is the real issue and substance of existence. All of that "Christian" stuff is total rubbish, totally worthless of no value whatsoever if it is not rooted in the basis of ultimate love for others because of the blood of Jesus. Not an additional thing to work on, but the very basis of our existence, our doe sness, and our action. That is the *only* way the Father can be pleased, and we'll see it if we'll never have the slightest idea of how to walk as Jesus walked," doing "*nothing* that we do not see the Father doing."

This is as fundamental as the difference between eating from the tree of knowledge of good and evil and eating from the Tree of *Life*! What IS a "good work for Jesus"? Do you *really* know? You cannot *possibly* know, apart from what we are discussing here. You r *mind* is not the basis of knowing. Like Peter we'll say right to God's face: "Surely NOT Lord!" If we are living by our mind's perception of what is "right" and what we have cut somewhere must surely please God. We *must* eat from the tree of Life, not the tree where we think we've studied enough to know. This is a pinnacle of spiritual dependency, a very unpopular idea to the proud rebellious mind. There is a place of abandoned love. This is the only place God may be found. That is the TRUE God. The God of Abraham, Isaac, and Jacob. The Father of the Master, Jesus Christ. God doesn't teach love or command it. John: God *is* Love, and He can ONLY be found there. Not the externals. That is what Paul is saying in the passage we just read about Love. I want to *love deeply, from the heart. Please?*

Now in practical terms (about measuring or resolves by "externals"), someone says, "The Bible says 'Greater works than these shall you do, right?' So if I can't experience important and miraculous things then I have the right to be frustrated disappointed, and go through mid life crises." No way. The demons just might not submit in His Name, in this particular instance because of our foggy, arrogant understanding of what the Scriptures mean. Who knows. Riddle me this: If we are truly miracles it Jeremiah do? How about Isaiah? Are those men as de-frosted well? God that the "easier tasks" might be limited to twenty three years with no one listening and getting thrown into a well to die? John the Baptist did no miracles. Were those men failures? Did they not know God?

Often men did "external" miracles right? Elijah did a whole truckload of them. Elisha did a bunch. Jesus certainly did a bunch. Paul and Peter and John did their share. But it's not a "given" that if you can't do miracles or if you never see one in your entire life that you are a failure. I'm all for miracles and have been the humbled recipient of many, many of His graces in several areas (The forgiveness of sin, for starters). Yet, if we think we are "demand of God our understanding, and timing, of any external such as "greater works than these shall you do," then we are no better than a wicked and

# Spicy Oven-Roasted Chickpeas

by Chris Rochelle

Difficulty: Easy | Total Time: 45 mins | Makes: 4 to 6 servings

Crunchy and spicy are the two things I love most in food. These baked chickpeas are both, plus a tasty and healthy snack. Just toss them with a little olive oil and some spices, then roast until brown and crunchy. They'll stay crispy for a few days stored in a resealable bag at room temperature.

Click here to see more spicy snacks.

## Ingredients

2 (15-ounce) cans chickpeas, also known as garbanzo beans, thoroughly drained and rinsed (about 3 cups)

2 tablespoons olive oil

1 teaspoon ground cumin

1 teaspoon chili powder

1/2 teaspoon cayenne pepper

1/2 teaspoon sea salt

## Instructions

1. Heat the oven to 400°F and arrange a rack in the middle.

2. Place the chickpeas in a large bowl and toss with the remaining ingredients until evenly coated. Spread the chickpeas in an even layer on a rimmed baking sheet and bake until crisp, about 30 to 40 minutes.

## Informed Consent Form

Dear Participant,

As part of the International Baccalaureate Psychology Internal Assessment, I am carrying out a study of memory. The study will require you to take a memory test in order to investigate the effect dual coding has on your ability to recall a list of words. The following apply

- I have been informed about the nature of the experiment.
- I understand that I have the right to withdraw from the experiment at any time, and that any information/data about me will remain confidential.
- My anonymity will be protected as my name will not be identifiable
- The experiment will be conducted so that I will not be demeaned in any way
- I will be debriefed at the end and have the opportunity to find out the results

I give my informed consent to participating in this experiment

## 1.2. Frugal Install

Frugal is the typical installation method for Tiny Core. That is, it is not a traditional hard drive installation, which we call "scatter mode" because all the files of the system are scattered all about the disk. With frugal you basically have the system in two files, **vmlinuz** and **core.gz**, whose location is specified by the boot loader.

Any user files and extensions are stored outside the base OS.

# 11.7. HP JetDirect Interface

The HP JetDirect Interface is one of the most widely used for network printers For this reason it also has the most widely known set of problems The user is strongly urged to upgrade to the latest version of firmware available for the unit Problems with older versions of firmware include system lockups that require powerup level resets

Newer versions of the HP JetDirect Interface have a Web Browser based configuration system After you have assigned an IP address to the printer you can connect to the configuration port and configure the printer using the browser If you run into configuration problems then you will most likely need to use the Microsoft Windows based JetDirect Configuration Software to reset or reconfigure the printer

Older HPJetDirect cards can be configured only through through the front panel or through a set of network files Here is a summary of the methods used from UNIX systems or to use when you are desperate to configure the printer

## 11.7.1. Resetting To Factory Defaults

Most internal HP JetDirect print servers can be reset to factory defaults (or cold reset) by turning the printer off and holding down the `online` or `go` button while turning the printer back on The printer control panel display should read `Cold Reset` `Restoring Factory Settings` or something similar

## 11.7.2. Setting Up IP Networking and Address

You can set the network address from the front panel Reset the printer put it in offline mode and then use the MENU +- SELECT keys as follows

```
MENU   -> MIO MENU (use MENU to display MIO MENU)
ITEM   -> CFG NETWORK=NO*
+      -> CFG NETWORK=YES
ENTER  -> CFG NETWORK=YES*
ITEM   -> TCP/IP=OFF* (use ITEM to display TCP/IP)
+      -> TCP/IP=ON
ENTER  -> TCP/IP=ON*
ITEM   -> CFG TCP/IP=NO* (use ITEM to display TCP/IP)
+      -> CFG TCP/IP=YES
ENTER  -> CFG TCP/IP=YES*
ITEM   -> BOOTP=NO*
     (Enable BOOTP if you want to - see below)
ITEM   -> IP BYTE 1=0*
     This is IP address MSB byte;
     Use +- keys to change value, and then ENTER to change
     Use ITEM keys to get IP BYTE=2 3 4
ITEM   -> SM BYTE 1=255*
```

**Fax Test Report for**
Sam Crowder
410-765-0715
Nov 04 2015 10:13AM

Fax Hardware Test: **PASS**
Fax Connected to Active Telephone Wall Jack: FAIL

**An active phone line was not detected.**

Please check the items below then run this test.

Check the phone cord connection between the wall jack and the fax.

The phone cord from the wall jack should be connected to the port labeled "1-LINE" on the back of your HP device.

If you are using a splitter or some other device between the fax and the wall jack, remove it and connect the fax directly to the wall jack.

Plug your phone into the wall jack and check that a dial tone is available.

Check that you are using the phone cord supplied with your HP device.

Refer to your User Guide for more information on the fax hardware test and setup.

Instructions on how to run this test:
Step 1. Press the "Setup" button.
Step 2. Choose the "Tools" menu.
Step 3. Choose the "Run Fax Test" item.

# HAWAIIAN FRIED RICE

TEST
ALOHA

Ingredients. (serves 6-8)

- 1½ cups- 2 cups chopped ham
- 1 small white onion, chopped
- 1 red bell pepper, seeded and chopped
- 1 Tablespoon Vegetable Oil
- 3 eggs, lightly beaten
- 3 cups cooked rice (we used Jasmine )
- 1 cup pineapple tidbits
- 1 Tbs sesame oil
- 2-3 Tablespoons soy sauce (more or less to taste)
- 2 Tbsp chopped green onions (optional)

Instructions

1. Preheat a large skillet or wok to medium heat. Pour vegetable oil in the bottom. Add chopped ham, white onion, and red bell pepper and fry until tender
2. Slide the ham onion, and red bell pepper to the side, and pour the beaten eggs onto the other side. Using a spatula, scramble the eggs. Once cooked, mix the eggs with the vegetable mix.
3. Add the rice and pineapple to the veggie, ham and egg mixture. Pour the soy sauce and sesame oil on top. Stir and fry the rice and veggie mixture until heated through and combined. Add chopped green onions if desired.

**Note:** Some people don't like pineapple and onion, so we decided to prepare half with those, and half without

## Fax Settings

Reference your Owner's Manual for help adjusting the settings below

| | |
|---|---|
| ECM (error correction mode) | Off |
| Baud Rate | 9600 |
| International | On (this is set on a per-call basis) |
| Resolution | Standard |
| Answer Mode | Fax Only |
| Rings to Answer | Zero (0) |
| Call Waiting | Off |
| Bandwidth Saver | High (96 kbps) |
| Distinctive Ring | Off |

## Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet
- Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device

## Further Assistance

If you need further assistance using your XXXXXXX Fax Service we are always available to help

# Applebee's ALLERGEN INFORMATION

As America's Favorite Neighbor the health and safety of our guests are top priorities at Applebee's As part of our commitment to you we provide the most current allergen information available from our food suppliers on eight common allergens plus gluten, so that our Guests with food allergies can make informed food selections. Please be aware that during normal kitchen operations involving shared cooking and preparation areas, including common fryer oil, the possibility exists for food items to come in contact with other food products. **Due to these circumstances, we are unable to guarantee that any menu item can be completely free of allergens.**

- Applebee's Soy Allergen Information
- Applebee's Egg Allergen Information
- Applebee's Dairy Allergen Information
- Applebee's Peanut Allergen Information
- Applebee's Shellfish Allergen Information
- Applebee's Tree Nut Allergen Information
- Applebee's Wheat Allergen Information
- Applebee's Fish Allergen Information
- Applebee's Gluten Allergen Information

Limited time offers, test products, and regional items are not included in the posted information. While efforts are made to keep this information current, it is possible that ingredient changes and substitutions may occur due to the differences in regional suppliers, product changes, preparation techniques, and/or the season. We recommend that our guests with food allergies or special dietary needs consult with a restaurant manager prior to placing an order to review the posted information for accuracy and availability at that particular location. Because this information changes, please make sure you are referencing the most current version (see box below). **Due to the individualized nature of allergies and food sensitivities, Applebee's cannot make recommendations that are suitable for your dietary needs. Please consult your physician.**

**Items may vary by restaurant, may not be available at all locations, and are subject to change.**
**Applicable only to the U.S.A. Menu items, ingredients and preparation may differ outside of U.S.A.**

# Fax Toy

Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1 888-877 1655 or 1 503-280-1300

**Fax Free 500 Plans/Month**
www.RingCentral.com
Internet Application. No Setup Fee. Toll Free/Local Number Free Trial!

AdChoices ▷

To the right are pages that folks have faxed in recently. Click any thumbnail to see the larger version and rate it for interestingness.

You can fax something interesting to 1 888-877 1655 (your boss will never notice ... maybe) or 1 503 280 1300 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll-free number if you're in the USA.) Keep it clean & legal.

Fax any e-paper documents with no cover sheet. If you fax more than one page, only the first page will appear here. We try to strip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

*Privacy Policy.* We hate spam and junk faxes, and will absolutely not send you any unsolicited e-mail or faxes. We won't share your information with marketers or anyone else.

Sort by: Most recent faxes | Best rated faxes | Most rated faxes

# Cranberry Salad

Recipe courtesy Paula Deen

| | | | |
|---|---|---|---|
| **Prep Time:** | 15 min | **Level:** | **Serves:** |
| **Inactive Prep Time:** | 4 hr 0 min | Easy | 8 servings |
| **Cook Time:** | 3 min | | |

*4-ounce can crushed pineapple*

*3-ounce package black cherry gelatin*

*6 ounces dried cranberries, rinsed*

*1 cup broken pecans*

*1/2 cup sugar*

*Parsley for garnish*

*Sour cream or whipped cream, for garnish*

Drain pineapple and reserve juice. Add juice to 1/2 cup hot water and heat to boiling. Soften gelatin in 1/4 cup cold water. Dissolve softened gelatin in hot water-juice mixture. Let cool until it starts to set; don't let the gelatin harden. Put cranberries through a grinder. Add ground berries, pineapple, nuts, and sugar to cooled gelatin mixture. Mix well. Pour into a bowl or mold. Refrigerate until completely set. Place bowl in a warm water bath and run a knife around the edges to loosen. Invert onto a serving plate, garnish with parsley and a dollop of sour cream or whipped cream.

## Installation and Settings

ID #1004

## Can I use fax over your service?

The short answer is yes, you can.

---

The long answer is that Voice over IP as a whole does not support fax well at this point. The settings below will work MOST of the time, but not all the time. Please understand that while we encourage you to try and use fax with our service, we cannot guarantee it will work. If fax is very important to you we recommend keeping a basic PSTN phone line for this purpose.

To maximize fax success with our service:

1. Set your codec to g711u (ulaw). Fax will NOT work with any of the lower bandwidth codecs.

2. Set your RTP Packet Size to 0.020 or even 0.010

3. Make sure you have plenty of free bandwidth available to avoid interruptions.

4. Disable ECM on your fax.

5. Decrease the transfer speed on your fax to 9600 bps or lower. Different faxes have different ways to do this, some of them call it "Overseas mode".

6. Put a DSL filter between your fax and your Analog Telephone Adapter.

7. Try to avoid faxing long documents. Try to fax pages in bunches of 2-3 at most to maximize chances of success.

8. You will want to disable echo cancelation. Some adapters like most Sipura models (PAP2, SPA series, etc.) have a "FAX Disable ECAN" mode which will automatically disable this when it detects a fax being sent. If your adapter does not support this, we recommend you keep echo cancelation on when making voice calls--but turn it off manually when faxing. Another option would be to set Line 1 with settings ideal to voice, and Line 2 with settings ideal for fax.

9. Disable Silence Suppression while faxing.

10. Set FAX Codec Symmetric to No.

11. Set FAX Passthru Method to ReINVITE.

12. Set FXS Port Input Gain and FXS Port Output Gain to 3.

13. Set your Jitter Buffer to Extremely High, and Jitter Buffer Adjust to NO. Faxes don't care if there is a delay on the line, all they care about is getting a consistent data stream. Jitter buffer does just that. :)

---

Following the above settings you will maximize your chances of faxing over IP. But unfortunately this is not a guarantee that it will succeed. We wish you the best of luck though, happy faxing!

---

One more note: we have discovered that some of our vendors support voice better, while some of them support fax better. If you are trying to fax to a number which is a dedicated fax, you have completed all

# GO DUBS

**PROOF OF SERVICE**

I PATRICIA JUAN DECLARE:

1 I AM EMPLOYED IN THE COUNTY OF LOS ANGELES STATE OF CALIFORNIA BY STEPAN KASIMIAN, M.D. INC. MY BUSINESS ADDRESS IS 1645 WILSON TERRACE SUITE 315, GLENDALE CA 9 206

2 I AM OVER THE AGE OF EIGHTEEN (18) AND NOT A PARTY TO THIS ACTION.

3 ON 1/30/13, I SERVED THE FOLLOWING DOCUMENT AS HEREINAFTER DESCRIBED:

MEDICAL CONTROL Ismael Inocencio
DATE OF SERVICE: 12/20/2012

4 I PLACED A TRUE AND CORRECT COPY OF THE FOREGOING DOCUMENT IN A SEALED ENVELOPE ADDRESSED AS FOLLOWS:

**DR BRYAN AUN**
**2350 E. ORANGEWOOD AVE. STE 400**
**ANAHEIM CA 92806**

**JUAN DOMINGUEZ, ESQ**
**3250 WILSHIRE BLVD. STE 2200**
**LOS ANGELES CA 90010**

**ATTN: SANDY FOUTS**
**BROADSPIRE**
**PO BOX 79020**
**ANAHEIM CA 92825**

5 I THEN PLACED SAID ENVELOPE FOR COLLECTION, PROCESSING AND MAILING IN MAIL BOX OF THE UNITED STATES SERVICE ON TODAY'S DATE FOLLOWING STEPAN KASIMIAN MD'S ORDINARY BUSINESS PRACTICES.

6 PURSUANT TO THESE PRACTICES WITH WHICH I AM READILY FAMILIAR, SEALED ADDRESSED ENVELOPES ARE DEPOSITED IN THE ORDINARY COURSE OF BUSINESS WITH THE UNITED STATES POSTAL SERVICE AT 1600 WILSON TERRACE, SUITE 315, GLENDALE, CA 91206 THE SAME DATE THEY ARE COLLECTED AND PROCESSED WITH POSTAGE THEREON FULLY PREPAID. I DECLARE UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF CALIFORNIA THAT THE FOREGOING IS TRUE AND CORRECT.

EXECUTED ON 1/30/13 AT GLENDALE, CALIFORNIA

SIGNATURE

PATRICIA JUAN
PRINT NAME

(d) **ASSIGNMENT OF REPAIR AND TREATMENT CONTRACTS AND WARRANTIES**. At Buyer's option and cost, Seller will assign all assignable repair, treatment and maintenance contracts and warranties to Buyer.

**ESCROW AGENT AND BROKER**

**13 ESCROW AGENT**. Any Closing Agent or Escrow Agent (collectively "Agent") receiving the Deposit, other funds and other items is authorized, and agrees by acceptance of them, to deposit them promptly, hold same in escrow within the State of Florida and, subject to **COLLECTION**, disburse them in accordance with terms and conditions of this Contract. Failure of funds to become **COLLECTED** shall not excuse Buyer's performance. When conflicting demands for the Deposit are received, or Agent has a good faith doubt as to entitlement to the Deposit, Agent may take such actions permitted by this Paragraph 13 as Agent deems advisable. If in doubt as to Agent's duties or liabilities under this Contract, Agent may, at Agent's option, continue to hold the subject matter of the escrow until the parties agree to its disbursement or until a final judgment of a court of competent jurisdiction shall determine the rights of the parties, or Agent may deposit same with the clerk of the circuit court having jurisdiction of the dispute. An attorney who represents a party and also acts as Agent may represent such party in such action. Upon notifying all parties concerned of such action, all liability on the part of Agent shall fully terminate, except to the extent of accounting for any items previously delivered out of escrow. If a licensed real estate broker, Agent will comply with provisions of Chapter 475, F.S. as amended and FREC rules to timely resolve escrow disputes through mediation, arbitration, interpleader or an escrow disbursement order.
Any proceeding between Buyer and Seller wherein Agent is made a party because of acting as Agent hereunder or in any proceeding where Agent interpleads the subject matter of the escrow, Agent shall receive reasonable attorney's fees and costs incurred to be paid pursuant to court order out of the escrowed funds or equivalent. Agent shall not be liable to any party or person for mis-delivery of any escrowed items, unless such mis-delivery is due to Agent's willful breach of this Contract or Agent's gross negligence. This Paragraph 13 shall survive Closing or termination of this Contract.

**14 PROFESSIONAL ADVICE; BROKER LIABILITY**. Broker advises Buyer and Seller to verify Property condition, square footage and all other facts and representations made pursuant to this Contract and to consult appropriate professionals for legal, tax, environmental and other specialized advice concerning matters affecting the Property and the transaction contemplated by this Contract. Broker represents to Buyer that Broker does not reside on the Property and that all representations (oral, written or otherwise) by Broker are based on Seller representations or public records. **BUYER AGREES TO RELY SOLELY ON SELLER, PROFESSIONAL INSPECTORS AND GOVERNMENTAL AGENCIES FOR VERIFICATION OF PROPERTY CONDITION, SQUARE FOOTAGE AND FACTS THAT MATERIALLY AFFECT PROPERTY VALUE AND NOT ON THE REPRESENTATIONS (ORAL, WRITTEN OR OTHERWISE) OF BROKER.** Buyer and Seller (individually, the Indemnifying Party) each individually indemnifies, holds harmless and releases Broker and Broker's officers, directors, agents and employees from all liability for loss or damage, including all costs and expenses, and reasonable attorney's fees at all levels, suffered or incurred by Broker and Broker's officers, directors, agents and employees in connection with or arising from claims, demands or causes of action instituted by Buyer or Seller based on: (i) inaccuracy of information provided by the Indemnifying Party or from public records; (ii) Indemnifying Party's misrepresentation or failure to perform contractual obligations; (iii) Broker's performance, at Indemnifying Party's request, of any task beyond the scope of services regulated by Chapter 475, F.S., as amended, including Broker's referral, recommendation or retention of any vendor for, or on behalf of, Indemnifying Party; (iv) products or services provided by any such vendor for, or on behalf of, Indemnifying Party; and (v) expenses incurred by any such vendor. Buyer and Seller each assumes full responsibility for selecting and compensating their respective vendors and may pay for their other costs under this Contract whether or not this transaction closes. This Paragraph 14 will not relieve Broker of statutory obligations under Chapter 475, F.S. as amended. For purposes of this Paragraph 14, Broker will be treated as a party to this Contract. This Paragraph 14 shall survive Closing or termination of this Contract.

**DEFAULT AND DISPUTE RESOLUTION**

**15 DEFAULT**

(a) **BUYER DEFAULT**. If Buyer fails, neglects or refuses to perform Buyer's obligations under this Contract, including payment of the Deposit, within the time(s) specified, Seller may elect to recover and retain the Deposit for the account of Seller as agreed upon liquidated damages, consideration for execution of this Contract, and in full settlement of any claims, whereupon Buyer and Seller shall be relieved from all further obligations under this Contract, or Seller, at Seller's option, may pursuant to Paragraph 16, proceed in equity to enforce Seller's rights under this Contract. The portion of the Deposit, if any, paid to Listing Broker upon

## Using Google Voice™ on the OBi

1. **Setup Your OBi Device with Your Google Voice Account**
   - Connect the OBi device to your network.
   - Plug a standard telephone into the OBi device.
   - Dial ***** to access the OBi device menu.
2. **Configure Your OBi Device to Use Google Voice**
   - Dial 14 to enter the OBi device configuration menu.
   - Enter your Google Voice number.
   - Enter your Google Voice password.
   - Enter your Google Voice authentication token.
   - Dial 1 to save the configuration.
3. **Configure Google Voice on Your OBi Device**
   - Log in to your Google Voice account.
   - Navigate to the settings menu.
   - Select "Phones" and add your OBi device as a new phone.
   - Enter the phone number you want to associate with your OBi device.
   - Select "Call me" as the verification method.
   - Enter the verification code you receive on your OBi device.
   - Click "Verify" to complete the setup.

Now you can make and receive calls using your Google Voice number through your OBi device.

For more detailed step-by-step instructions, refer to the OBi device's user manual or visit the Google Voice Help Center.
